### **Hair loss management modern approaches**

McBride Hair Restoration LLC is Connecticut's pioneer hair clinic with a Trichologist and Certified Natural Health Practitioner on site. MHR offers laser hair restoration therapy using FDA cleared laser treatment and FDA approved solutions with a multi-therapeutic approach. MHR LLC also offers non-surgical cranial prosthesis for extreme hair loss clients. We like to focus on education and alternative solutions for ongoing success with healthy hair growth. Education includes proper nutrition, incorporating E.E.R.W. (Eat Right, Exercise, Rest, Water), and understanding the multiple underlying causes of hair loss. Alternative solutions incorporate health and wellness approach, today's latest technology, with clinically proven solutions.
