

3rd International Conference and Exhibition on **Cosmetology & Trichology**

July 21-23, 2014 Hampton Inn Tropicana, Las Vegas, USA

Total facial rejuvenation; How minimally invasive cosmetic surgery can make large impacts

James Kraus

Tufts Medical Center, USA

Overview of the facial anatomy, effects of age on the facial complex, and initial evaluation of the facial cosmetic patient will be discussed. Introduction in the method and management of several common chief complaints of the cosmetic patient will also be elaborated. The classification of the most common facial paralysis agents, fillers and fractional CO₂ laser resurfacing will also be included.
