

# Global Ophthalmology and Glaucoma Conference

October 13-15, 2016 Kuala Lumpur, Malaysia

## UBM advantages

**Khalid Qadha**

Cleveland Clinic Abu Dhabi, UAE

UBM is almost universally defined as an optical science, the human eye is by nature light-sensitive; UBM permit complete imaging of deep ocular structures. UBM is perfect for glaucoma screening, determining lens and cornea pathologies and more. This presentation will help to show what UBM can change in clinical practice when to request it and when to request anterior segment OCT.

## Biography

Khalid Qadha has 14 years of experience as an Ophthalmic Technician in the field of Ophthalmics at King Khaled Eye Specialist Hospital. He has 2 years of experience at Cleveland Clinic Abu Dhabi and has 9 years of experience as an Ophthalmic Ultra-sonographer with wide experience in Ophthalmic Pathology.
