

# 4<sup>TH</sup> WORLD CHINESE MEDICINE, YOGA & MENTAL HEALTH CONGRESS

September 17-18, 2018 | San Diego, USA

## Why we actually develop disease and what the hell can we do about it?

**Chris Chlebowski**

Om Sweet Om Yoga Teacher Training, USA

The current medical paradigm is broken. The doctors of today don't actually understand where health and disease originate. The ancient traditions of Chinese medicine, Homeopathy, Shamanism understood that the body is a 3-D manifestation of the energetic being. With a decade of experience in multiple fields of medicine and spirituality, Dr. Chlebowski will tie together current, cutting-edge, understanding of genetics, pathology, science with the true nature of human health and wellbeing. He will explain the root causes of disease as understood by the ancients and how practitioners can manifest health in their clients themselves, in the 21st century.
