

Social distancing Indians students gain new health routine conceptual life style. New shape of burnside mouths

Rahul Hajare

Indian Council of Medical Research, India

Phone sex has a safe and easy way to keep the spark in a relationship alive and remain free from infection. Infection has higher side. When everyone knows has practising social distancing and self-isolation where does that leave sex? The country has in a lockdown. People have to keep themselves confined to their homes; it doesn't preclude the possibility of sex. It has unrealistic to believe that during the lockdown; billions of people won't give in to their most primal desire and abstain from lovemaking. The lockdown has intended to keep people confined to their homes; what they do inside is their own business. The threat posed by COVID-19.
