

Brief Interview with Dr. Giuseppe Biondi Zoccai

Translational Medicine

1. How many years have you been practicing and/or performing research?

11 years.

2. What is the research topic you are working on now?

Umbrella reviews and meta-epidemiologic studies.

3. What makes an article top quality?

The fact that it changes clinical research or practice trends.

4. What are the qualities you look for in an article?

Accuracy, precision, and impact.

5. Do you have any research funding (NIH or other national funding) now?

I am funded by Italian not-for-profit and for-profit institutions.

6. When did you become an editor of OMICS Journal?

1 year ago.

7. What is your greatest career accomplishment?

Being the editor of a book devoted to network meta-analysis.

8. How does the research published percolate through to practitioners?

By many ways, including social media and word of mouth.

9. What is the purpose of serving as an editor?

Helping science products come together and being disseminated.

10. Do you have any patents?

No.

11. Have you contributed any editorials or papers (any types) to OMICS Journals in

the past two years?

Yes.

12. Do you plan to contribute any editorials or papers to OMICS Journals in the next year?

Yes.

13. Do you have any trouble with OMICS Journals in the past?

No

14. Would you recommend OMICS to your friends or colleagues?

Yes

15. How do you differentiate Translational Medicine with other journals in the field?

It is capable of timely focus on wide ranging topics.
