

# **Brief Interview with Dr. John R Sabin (Editor)**

## **Journal of Physical Chemistry & Biophysics**

- 1. How many years have you been practicing and/or performing research?**

Approximately 50 yrs.

- 2. What is the research topic you are working on now?**

Theoretical study of the mean excitation energies of atomic ions.

- 3. What makes an article top quality?**

That an interesting and relevant question is propounded and discussed.

- 4. What are the qualities you look for in an article?**

That an interesting and relevant question is propounded and discussed.

- 5. Do you have any research funding (NIH or other national funding) now?**

Yes.

- 6. When did you become an editor of OMICS Journal?**

2011.

- 7. What is your greatest career accomplishment?**

Publishing some great articles.

- 8. How does the research published percolate through to practitioners?**

Through publications and talks.

- 9. What is the purpose of serving as an editor?**

To help distribute science.

- 10. Do you have any patents?**

No.

**11. Have you contributed any editorials or papers (any types) to OMICS Journals in the past two years?**

Yes.

**12. Do you have any trouble with OMICS Journals in the past?**

Yes.

**13. Would you recommend OMICS to your friends or colleagues?**

Yes.

**14. How do you differentiate Journal of Physical Chemistry & Biophysics with other journals in the field?**

Each journal has its own profile.
