

Applied Microbiology 2017: Past Conference Report

Conference Editorial

4th World Congress and Expo on Applied Microbiology (Applied Microbiology 2017) organized by Conference Series was held on November 29-30, 2017 at Crowne Plaza Madrid Airport, Madrid, Spain. The conference highlighted the theme, “*Exploring Innovative research in Microbiology*”. Benevolent response and active participations were received from the Editorial Board Members of Conference Series LLC Ltd Journals as well as from the Scientists, Doctors, Researchers, Students and Leaders from the fields of Applied Microbiology Research, who made this event inspiring and successful.

The conference was initiated with a warm welcome note from Honorable Guest and our special thanks to **Dr. Fernando de la Calle, Head of Microbiology Dpt. PharmaMar, Madrid, Spain** the Honorable Chair for the conference who contributed a major part to the success of this event. The conference was marked by the presence of renowned Scientists, talented Young Researchers, Students and Business Delegates driving the two days event into the path of success with thought-provoking Keynote and Plenary presentations. Active participation and generous response were received from the Organizing Committee Members. Professors, Researchers, and Students from diverse groups made this conference as one of the most successful and productive events in 2017 from Conference Series.

The Applied Microbiology 2017 Conference was carried out through various sessions with discussions on the following thought provoking and celebrating scientific tracks:

- Water, Aquaculture and Marine Microbiology
- Pharmaceutical Microbiology
- Food Microbiology
- Environmental Microbiology
- Microbial Biotechnology
- Medical Microbiology
- Microbial Taxonomy, Microbes Identification & Microbial Characterization
- Agricultural, Soil and Forest Microbiology
- Veterinary Microbiology
- Industrial Microbiology and Future Bioindustries

The peerless people who promulgated the theme with their exquisite talks were:

1. **Fernando de la Calle**, Microbiology Dpt. PharmaMar, Madrid, Spain, on the topic, “*Marine Microbiome and Drug Discovery*”
2. **Alla Nozhevnikova**, Federal Research Center of Biotechnology of the Russian Academy of Sciences, Russia, on the topic “*Mainstream partial nitrification-anammox process in domestic and municipal wastewater treatment in Russia*”
3. **Linda K. Medlin**, Marine Biological Association of the UK, UK, on the topic “*Advances in molecular tools for routine monitoring of toxic algae and pathogens in aquatic ecosystems*”
4. **Sanin Musovic**, Danish Technological Institute, Life Science, Aarhus, Denmark, on the topic “*The Trojan Horse: A new biotechnology for pesticide removal at drinking water sand filters*”
5. **Mihai Nita-Lazar**, National Research and Development Institute for Industrial Ecology-ECOIND, Bucharest, ROMANIA, on the topic “*Detection of waterborne pathogenic bacteria using immunofluorescence technique*”
6. **Sanin Musovic**, Danish Technological Institute, Life Science, Aarhus, Denmark, on the topic “*Integration of natural microorganisms at drinking water sand filters with groundwater composition*”

Conference Series has taken the privilege of felicitating **Applied Microbiology 2017** Organizing Committee and Keynote Speakers who supported and contributed to the success of this event.

We sincerely thank the Organizing Committee Members, Participants and Media Partners for their gracious presence and generous support, without which the conference would not have reached the pinnacle of success.
