

Award Announcement for 13th World Congress on Anesthesiology and Critical Care

MS. SUCHI

Vice President, SEA Global Goodwill Ambassadors, UK, E-mail: suchi11sg@gmail.com

[Anesthesia Congress 2020](#) provides an excellent opportunity to share views, exchange knowledge and establish research collaborations and networking. The conference is highlighted with the theme “Boosting the Therapy Concerning Anesthesiology and Critical Care” and focuses on the latest and exciting innovations in all areas of research offering a unique opportunity for anesthesiologists and [surgeons](#) across the globe to meet, network and perceive new scientific innovations.

Expert Level Award recognizes anesthesiologists for their excellence in practice and for the significant contribution that they make in their professions, their teams and their patients through their practice. Please consider nominating surgeons whom you feel deserves to be recognized for their service and dedication to the service or an anesthesiologist who has gone the extra mile to best help a patient.

Professional Level award seeks to recognize a doctor or anesthesiologist in a hospital, clinic, who has made an admirable contribution to surgery. We are considering for a solitary that has made a real difference to the provision of care in their private practice or in the hospital. Particular credit will be given to applications which have gone the long haul to support patients to overcome significant obstacles.

Scholar Level award is for the upcoming scientists, researchers, and experts having 10+ years of research experience in the field of anesthesiology and critical care. Our conference would like to provide the best platform to extend your network by sharing your research knowledge at the stage. This award honors highly meritorious efforts by health professionals in the field of surgery. The candidate has been chosen for their significant, long-term contributions to anesthesiology and critical care.

Women Scientist award seeks women health care professionals having expertise in the field of anesthesiology. This award highlights major contributions by female scientists to anesthesia research. Women scientist award would be an inspiration to future generation women in anesthesiology.

Outstanding Speaker award is to recognize for individuals who will present their achievements, strategies in enhancing anesthesiology and critical care with impact in improving the quality of life of patients. The winner of this award should have an excellent track record of sharing their proficiency with other health care professionals.

Best Keynote Speaker award is given to individuals for excellence in anesthesia for a long duration of years and having impact in the anesthetic research projects, trainings and who has made real difference in the field of anesthesiology.

Best Poster Presentation award is to highlight and recognize good quality research in the field of anesthesiology and critical care in the form of poster presented at Anesthesia Congress 2020. This award is to encourage students to present their research work. The best poster certificate increases confidence in student researchers which helps in improving their skills.

Outstanding thesis award is recognizing for Masters/Ph.D./Post-doctorate thesis work presentation who will give their projects and thesis that have been implemented to provide long-term excellence in the field of anesthesiology.
