

Commentary on Weird Murder Attacks and Paradigmatic Behavior of Criminals

Gousiya Rahamath*

Criminology Studies, Thangamalai University, Chennai, Tamilnadu, India

Abstract

Cruel minded criminals are turned into weird behavioral animals, because of severe grudge, psychological irregular consistence, rude behavior, cruel thinking etc., murdering the respective individual is an offensible crime which does not exist in a polite behavior. There are several types of murders are there, depends upon the criminal's thoughts and their intensive aggressive behavior, maximum numbers are happens due to the fear of covering their faults and mistakes.

Keywords: Murder; Injections; Explosives; Guns; Abnormal thoughts; Weapons; Homicide; Money

Introduction

Murdering the one is not an easy thing to digest in a politable society [1], especially in well-developed community. Criminals who are all intended to murder are having severe cruel thoughts and several indefinite reasons they have, some of the murders are happens due to lack of money [2,3], it's not only one reason but also the main reason to get top position in the one of the reason to killing and murder too, next place is fraud, after that is rape, but least position to murder someone is for hungry and guiltiness on others, law and order are there to punish the criminals but not stop them, here am stated the crime ratios and homicide as per year and respective countries (Table 1).

Figure 6: Above shown is an exact graphical report of International Homicidal report as per 10,000 people according to and up to 2008.

selection of the weapons to kill are like that type of terrifying, they are like given in the (Figures 1-6). Above given are the typical weapons used in murders and the criteria of live murder attack in some countries [6]. However, these type of criminals are not intended to be survived in society.

Conclusion

When we came to conclusion, deciding of this murder types and attacks are true and they are traveling with the day, but such type of incidents are not supposed to be enter in our life, we should take care and be aware of criminals. Maintains of safety, licensed weapons and police instructions and late night timings should be avoided for especially females leads the reduction in homicidal graph according to the respective countries.

OMICS International: Publication Benefits & Features

Unique features:

- Increased global visibility of articles through worldwide distribution and indexing
- Showcasing recent research output in a timely and updated manner
- Special issues on the current trends of scientific research

Special features:

- 700 Open Access Journals
- 50,000 editorial team
- Rapid review process
- Quality and quick editorial, review and publication processing
- Indexing at PubMed (partial), Scopus, EBSCO, Index Copernicus and Google Scholar etc
- Sharing Option: Social Networking Enabled
- Authors, Reviewers and Editors rewarded with online Scientific Credits
- Better discount for your subsequent articles
