

Conference Announcement on 2nd Annual summit on Psychiatry and Mental Health 2020

James Bush

We are pleased to welcome you to the "2nd Annual summit on Psychiatry and Mental Health 2020" after the successful completion of the series of mental health Congress. The congress is scheduled to take place in the beautiful city of London, UK, on Aug 10-11, 2020. This mental health 2020 conference will provide you with an exemplary research experience and huge ideas.

The perspective of the mental health Conference is to set up transplant research to help people understand how treatment techniques have advanced and how the field has developed in recent years.

Mental health disorder includes one's emotional, social and psychological well-being. It directly effects on how we think, act. Mental health is very important in every aspects of life from childhood to adolescence through adulthood as it determines how an individual handle stress, relation to others and make choice. In the span of life, an individual's mood, thinking and behaviour is affected if the individual experience mental health problems. There are many factors involved behind experiencing this disorder.

Biological factors, life experience such as abuse or trauma, family history having mental health problems. There are more than 200 classified forms of mental illness. Some of the common disorders are bipolar disorder, schizophrenia, anxiety disorder and dementia.

Annual Congress on Psychiatry and Mental Health (Mental health 2020) is going to become a huge platform to all the Psychiatrists, Psychologists, Neurosurgeon, Neuro Researcher, Students, Psychiatrists, Psychotherapists and expertise in the field of psychiatry to share and explore their views on their research and case studies with the global experts. The conference is going to be held during September 17-18, 2020 at Osaka, Japan which revolves around the theme" Perceptions for enhancement in Psychiatry, Psychology and Mental Health.

Psychiatry and Mental health is more than a conference, which has something for everyone from the science in the field of psychiatry. As a community of natural healer's and healthcare providers, we know that we need to mobilize and

be the change we want to see in the medical era. It is our opportunity to connect with the people involved in this from all over the world to learn the latest information on the Psychiatry. This International Conference will provide a platform to budding researchers share their thoughts and experience towards the betterment of the quality of life.
