EDITORIAL

[Conferences Series LLC](#) has successfully concluded its 3rd International Conference on Chemical Engineering from June 20-21, 2019 in London, UK. More than 85 including physicists, logical specialists, engineers, information technologists and material Researchers, and scholars. The 2 days conference held on June 20th and June 21st through the leading academic scientists, researchers and scholars to share their experiences and research results about all aspects of Chemical Engineering 2019.

3rd International Conference on Chemical Engineering was inaugurated followed by the key note session by Nicolas Abatzoglou, Université de Sherbrooke, Canada and The session was Chair by Ignacio Gracia, University of Castilla-La Mancha, Spain and Co-Chair by Sidorenko Anatolie, Institute of Electronic Engineering, Moldova.

The conference's first day, featured panels on Chemical Engineering, Environmental Engineering And Elementary Biology, Petroleum Refining and Petrochemicals, Applications of Chemical Technology, Biomolecular Engineering, Chemical Polymer Technology

[Biofuels](#), Organic Chemistry, Thermodynamics.

The second day began with an insightful keynote session on the area of Biochemical Engineering, Environmental and Sustainable Chemical Engineering, [Crystallization](#), Chemical Reaction Engineering, Advances in Renewable Chemicals, Chemical Industry and, Market Analysis, Unit operation and Separation Process, Physical and Organic Chemistry

Material Science and Engineering, Oil, Gas and Petroleum Refineries, Biotechnology And [Biochemical Engineering](#), Electrochemistry and Electrochemical Engineering. The conference concluded with the poster session.

Supported through the organizing committee network of renowned scientific and professional expert such as Nicolas Abatzoglou, Université de Sherbrooke, Canada and The session was Chair by Ignacio Gracia, University of Castilla-La Mancha,

Spain, Sidorenko Anatolie, Institute of Electronic Engineering

and Nanotechnologies, Moldova, Debajyoti Ghoshal, Jadavpur

University, India, it provided a platform for collaboration among colleagues, vendors and academia to reveal new innovations, solutions, ideas, and emerging technologies in Chemical Engineering 2019.

Forthcoming Conferences on 8th World Summit on Chemical Engineering and Catalysis Annual Meeting during July 15-16, 2020 at Vienna, Austria.

[Conferences Series LLC](#) take great pleasure in inviting the scientific community across the globe to the 8th World Summit on Chemical Engineering and Catalysis Annual Meeting during July 15-16, 2020 at Vienna, Austria. Vienna is the capital and largest city of Austria. Vienna is considered as one of the best venue for conducting conferences due its favourite tourist destinations.

The participants can exchange and share their research results covering the scientific aspect of [Chemical Industry](#) and, Market Analysis, Unit operation and Separation Process, Physical and Organic Chemistry, Material Science and Engineering, Oil, Gas and Petroleum Refineries, Biotechnology and Biochemical Engineering, Electrochemistry and Electrochemical Engineering.

Conference will encourage [Young Researcher's Forum](#), scientists and the researchers in their early stage of career graph to widely discuss their outcome so as to enrich and develop the idea. The 'Best Poster Award' is meant to encourage students in taking active part in the International Science platform to sharpen their skills and knowledgebase.

Elite Sponsor, Silver Sponsor, Gold Sponsor, Exhibition, Additional Sponsorship Packages and Advertisements. The 8th World Summit on Chemical Engineering and Catalysis Annual Meeting will consist of organizing committee network of renowned scientific and professional expert such as Nicolas Abatzoglou, Université de Sherbrooke, Canada and The session was Chair by Ignacio Gracia, University of Castilla-La Mancha, Spain, Sidorenko Anatolie, Institute of Electronic Engineering and Nanotechnologies, Moldova, Debajyoti Ghoshal, Jadavpur University, India.
