

Editor Note on Andrology Open Access Journal

Taymour Mostafa*

Professor, Department of Andrology & Sexology, Cairo University, Egypt

ABOUT JOURNAL

Andrology Open Access Journal (ANO) from Longdom Publishing Group is one of the renowned journals in Medical Sciences and has been publishing research articles, review articles, case reports, short communications, and conference proceedings since 2012. As an open-access publication platform, ANO features independent research work from various fields of Surgery and Prostate Cancer, Erectile Dysfunction, Low Libido, Balanitis, Semen Analysis, Sperm Quality & Quantity, Penile Cancer, Artificial Insemination, Testicular Cancer, Medical Trials, Process Validation, and many more emerging topics.

ANO is a quarterly journal and its presence is covered in different indexing sights like index Copernicus, publons, CAS Source Index (CASSI), Sherpa Romeo, Genamics JournalSeek, EBSCO A-Z, OCLC WorldCat, Geneva Foundation, Google Scholar. In ANO, all published articles are assigned to the Digital Object Identifier (DOI) -CrossRef. To enable the outreach of the publications and outstanding published researches and for industry news, our Assistant Managing Editor Evelyn K put best efforts to share the recent developments through Twitter and LinkedIn professional accounts. So far ANO has published nine volumes to date. Despite COVID- 19 challenges in 2020, ANO has stayed focused on its objectives of publishing world-class research articles and engaging reviews. In 2020, ANO received many valuable types of research

from across the globe and has published 7 publications in the forms of short communications, mini-reviews, case reports, review, and research surpassing the number of articles published in 2019. The acceptance of publications in ANO is purely based on fair and blind peer-review using an editorial managing system. Our eminent peer reviewers are renowned scientific and regulatory professionals from different universities across the globe, the university's urology departments, and hospitals.

Andrology Open Access (ANO) brings articles in all areas related to Andrology on a quarterly basis. ANO welcomes the submission of manuscripts that meet the general criteria of significance and scientific excellence. Papers will be published approximately 7 days after acceptance. As a member of Publisher International Linking Association, PILA, Longdom Publishing Andrology Open Access follows the Creative Commons Attribution License and Scholars Open Access publishing policies. As an Editor in the Editorial Board of ANO, I would like to take this opportunity to thank and acknowledge the efforts of the Editorial Board, Editor-in-Chief: Dr. Jerzy Jankun, Executive Editors, and Fellow Editors for rendering tireless efforts to streamline quality innovative research articles and reviews free from plagiarism. I would like to express my deep gratitude to the authors, reviewers, publishers, and office bearers for supporting us over the years and building ANO into a premier publication platform in medical sciences.
