Daniele De Wrachien

We are happy to announce the International Conference on [Earth Science](#) and Geology scheduled to be held in Rome, Italy on October 21-22, 2020. The theme for the Earth Science Congress is "Explore and examine the various spheres of Earth science and Geology" Earth Science 2020, a two-day meet, aims to accumulate ardent minds ranging from frontiers to novices to discover, explore and create prospects to gain a greener, safer and cleaner tomorrow.

Our Earth Science conference 2020 focuses to create a medium to connect eminent personalities from different backgrounds of Earth Science including Earth Science, Earth Pollution, Pollution Treatment, Climate Change, Global Warming, Climatology, Marine Geosciences and so on. This not only helps to spark new research ideologies but also craft a network of high profile and skilled people to protect the future. The additional tracks for this edition of our waste management conference include Effect of 3 R's on climate change, Renewable energy, Ecology and Ecosystem and much more.

The Italy Earth Science conference expects to compile 150+ participants mainly from Earth Science Associations, Research Scientists, Earth Science Industries, Earth Science Researchers, Business Entrepreneurs, Environmental Academia, Ecologists, Green Energy Training Institutes, Chemical Engineers, Environmental Engineers, Waste Management Associations, and Chemical Industries.

Observed to be a dynamic field with constantly updating subfields, the Earth science conference intends to strike an overall balance in terms of trending and traditional topics including Environmental Science, Hydrology, Meteorology, Atmospheric Science, Global Warming, Climate change, Paleontology, Soil science, Geophysics, Stratigraphy and much more. Thus enabling an attendee to have a complete Earth Science experience. Meet the global pioneers of Earth Science and Geology under one roof and gain deeper insights on depths of it.

Emerging as one of the most followed research fields, the Earth Science and Geology is on a severe outlook for novel notions and we believe to accomplish it by this gathering of a huge mass of Earth science enthusiasts encompassing earth science professionals, professors, researchers, delegates and students.

Be a part of Earth Science 2020 to absorb vibrant aspects of expertise exhibited by various keynote sessions, oral, video and poster presentations, plenary talks, B2B meetings, workshops, and exhibitions. The scientific contributions towards our Rome Earth Science conference are welcome in the form of oral, video, poster presentations/workshops and seminars/ networking sessions/ exhibits. These tracks are designed to reveal and augment the expertise of the attendees. We truly believe Earth Science 2020 conference to attain greater heights and success.

Earth Science 2020 welcomes all the professionals, professors, students, research and environmental enthusiasts, business delegates to venture into complete Earth Science experience at Rome, Italy on October 21-22, 2020.
