Editorial

I am pleased to introduce Andrology Open Access (ANO) a rapid peer-reviewed Journal which has a medical specialty that deals with male health, particularly related to the male reproductive system and urological syndromes by exploring the Azoospermia, Cryptorchidism, Frenulum Breve, Hypospadias, Low Libido, Penile cancer, Penile Fracture, Phimosis, Priapism, Retrograde Ejaculation, Semen Analysis, Spermatocele, Testicular Cancer, Testosterone, Varicocele, Vasectomy. I am pleased to announce that, all issues of volume 8 were published online well within the time, and the print issues were also brought out and dispatched within 30 days of publishing the issue online during the year of 2019.

The Journals aim to flourish and to maintain the standards in research and practice, provide platform and opportunity to present evidence-based Andrology and medical assessment of research, and probably it is much indeed for students, teachers, and professors.

All published articles of this journal are included in the indexing and abstracting coverage of Index Copernicus, Index Copernicus, Google Scholar, Sherpa Romeo, Genamics JournalSeek, Academic Keys, JournalTOCs, RefSeek, Hamdard University, EBSCO A-Z, OCLC- WorldCat, Publons.

During the year 2019, Andrology Open Access received a total of 3 papers, out of which 4 articles were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 3 articles were subjected for publication after they are accepted in the peer-review process.

In the 2 issues of Volume 8 published during the year 2019, a total of 3 articles were published (at an average of 1 article per issue) of which, articles were published from authors all around the world. A total of 10 research scientists from all over the world reviewed the 3 articles published in volume 8. The average publication period of an article was further reduced to 14-21 days.

Andrology Open Access Journal also announces its new association with Longdom Group for Archiving, Journal maintenance, financial purpose, and support. However, the journal will be running its original website <https://www.longdom.org/andrology-open-access.html> parallel for Editorial and review work process to maintain its highest standard of scientific work.

During the year 2019, a total of One Editors, One Reviewers joined the board of ANO and contributed their valuable services towards contribution as well as the publication of articles, and their valuable reviewer comments will be beneficial to publish quality of the article in the Journal.

I would like to take the opportunity to express my gratitude to all the editorial board members, authors, reviewers, the publisher, and the advisory of ANO, the office bearers for their support in bringing out yet another volume of ANO and look forward to their unrelenting support to bring out the Volume 8 of ANO in scheduled.
