

## Editorial Highlight for Biochemistry & Pharmacology: Open Access

I am pleased to introduce Biochemistry & Pharmacology: Open Access (BCPC) is an academic journal which deals with drug interaction and non therapeutic xenobiotics with biological systems. I am pleased to announce that, all issues of volume 8 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online during the year of 2019.

The journal aims to publish the most complete and reliable source of information on the advanced and very latest research topics related to the recent advancements in Anaerobic glycolysis, Animal biochemistry, Biochemical Molecules, Human Biochemistry, Pharmacology, Biochemical pharmacology, Molecular and cellular pharmacology.

All published articles of this journal are included in the indexing and abstracting coverage of CAS Source Index (CASSI), Index Copernicus, Google Scholar, Sherpa Romeo, Open J Gate, Genamics JournalSeek, JournalTOCs, RefSeek, Hamdard University, EBSCO A-Z, OCLC- WorldCat and Publons.

During the calendar year of 2019, BCPC received a total of 13 manuscript, out of which 1 articles (10%) were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 9 articles were subjected for publication after they are accepted in the peer review process. In the 2 issues of Volume 8 published during the year 2019, a total of 9 articles were published (at an average of 2 articles per issue) of which, articles were published from authors all around the world. Globally articles have been accessed by the research scientists and also cited.

During the calendar year 2019, a total of three Editors, ten reviewers joined the board of BCPC and contributed their valuable services towards contribution as well as publication of articles, and their valuable reviewer comments will beneficial to publish quality of article in the journal.

I take this opportunity to acknowledge the contribution of (Dr. Takeshi Nabe) during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of BCPC in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of BCPC, the office bearers for their support in bringing out yet another volume of BCPC and look forward to their unrelenting support to bring out the Volume 9 of BCPC in scheduled time.
