

Editorial-Internal Medicine: Open Access

Maiese Kenneth

LONGDOM Internal Medicine: Open Access Journal has been started in the year 2011 and it released its first volume in the same year. Till now, the journal has released 9 volumes by the end of 2019 and is successfully running its 10th Volume.

Internal Medicine: Open Access Journal is a peer reviewed Medicine Journal that focus on a wide range of areas in this field Internal Medicine, Nutritional Medicine, Cardiac diseases, Critical Care, etc.. and creates a platform for the authors to make their contribution towards the journal and the editorial office promises a peer review process for the submitted manuscripts for the quality of publishing.

Classification of the Journal

- Nutritional Medicine
- Aldosteronism
- Integrative Medicine
- Medical Practice
- Internal Medicine
- Caseous Lymphadenitis
- Lateral Epicondylitis
- Ophthalmology
- Infectious Diseases
- Microbial Pathology

The classification extends to the above and its related topics too.

During the year 2019, the Journal has released nearly 6 Issues. During May, Longdom Group has acquired this journal from Omics group and from then on, all rights has been taken by the Longdom

Group only.

The Journal has released the conference details also in the 9th volume.

Some of the articles released in 2019 are as follows:

1. Predictors of Impaired Quality of Life and Work Disability in Patients with Systemic Diseases
2. Assessment of Adverse Birth Outcomes and Associated Factors among Diabetic Pregnant Mothers Who Delivered at Mettu Karl Hospital, Illubabor Zone, South West Ethiopia-2018
3. Tobacco Education: Reduced Risk for Peripheral Artery Disease
4. Recurrent Spontaneous Jejunal Hematomas Resulting in Bowel Obstruction

Social media/digital marketing

The journal always was in contact with the scientific group of the world through its mails, social media networks and its digital platforms. Some of the best ways to be in contact with the audiences are:

1. Twitter postings: Regularly posting the articles, trends, updates of the journal. They can be visible at: @Internmed9135.
2. Posting Google Analytics data in the website.
3. Using LinkedIn and Facebook for regular updates.
4. Regularly being in contact not only through mails but also through Whats

App.

The complete details about the journal can be seen at <https://www.longdom.org/internal-medicine.html>

For contacting us, mail us or Whats App us.

Lastly, Internal Medicine: Open Access is nothing without the continuous support of the Editorial Board Members especially our Editor-in-Chief Fabio Angeli. The Editorial Board members are the back bone of the journal. Along with them, authors and reviewers play a very significant role in building this journal.

So, as an Editorial Co-ordinator I invite all the extended dignitaries in this field to submit their articles for bringing this research/expertise to the global scientific community.

Editor-in-Chief:

Fabio Angeli
Section of Cardiology, Media Valle del Tevere
Hospital
Perugia, Italy

Editors:

Jahan Porhomayon
Associate Professor, Department of Anesthesiology
University at Buffalo, USA
Edward Yungjae Lee
Associate Professor of Radiology, Harvard Medical
School, USA
