

Sushmit Jha

LONGDOM -Journal of Information Technology & Software Engineering has been started in the year 2010 and it released its first volume in the same year. Till now, the journal has released 9 volumes by the end of 2019 and is successfully running its 10th Volume.

Journal of Information Technology & Software Engineering is a peer reviewed Software Journal that focus on a wide range of areas in this field Sensor Networks, Data Communications, cloud, Android Technology etc.and creates a platform for the authors to make their contribution towards the journal and the editorial office promises a peer review process for the submitted manuscripts for the quality of publishing.

Classification of the Journal

- Android Technology
- Cryptography
- Information Technology
- Web Service
- Software Quality

The classification extends to the above and its related topics too.

During the year 2019, the Journal has released nearly 5 Issues. During May, Longdom Group has acquired this journal from Omics group and from then on, all rights has been taken by the Longdom Group only.

The Journal has released the conference details also in the 9th volume.

Some of the articles released in 2019 are as follows:

1. How Radio Frequency Identification (RFID) can Revolutionize the Supply Chain Management

2. Effectiveness of Administrative Staff Working in the Study Program State Polytechnic Banjarmasin in Using Integrated Information System (SIMPADU)
3. Provide A New Algorithm For Encrypting Packets In Wireless Sensor Networks And Authenticating Network Members Using The Bloom Filter
4. Survey on Customer Satisfaction, Adoption, Perception, Behaviour, and Security on Mobile Banking

Social media/digital marketing

The journal always was in contact with the scientific group of the world through its mails, social media networks and its digital platforms. Some of the best ways to be in contact with the audiences are:

1. Twitter postings: Regularly posting the articles, trends, updates of the journal. They can be visible at: @Softwareengin19.
2. Posting Google Analytics data in the website.
3. Using LinkedIn and Facebook for regular updates.
4. Regularly being in contact not only through mails but also through Whats App.

The complete details about the journal can be seen at <https://www.longdom.org/information-technology-software-engineering.html>
For contacting us, mail us or Whats App us.

Lastly, Journal of Information Technology & Software Engineering is nothing without the continuous support of the Editorial Board Members. The Editorial Board members are the back bone of the journal. Along with them, authors and reviewers play a very significant role in building
