About the Journal

Automobile Engineering is a branch of applied engineering that involves incorporating elements of mechanical, electrical, electronic, software and safety engineering as applied to design manufacture and operate automobiles.

The Advances in Automobile Engineering Journal provides an open access platform to Automotive Engineering. The objective of the journal is to help scholars gain recognition with their innovation in automobile domain. The journal publishes most reliable source of information on the discoveries and current developments in the form of Original Research Articles, Review Articles, Case Reports, Short Communications, etc. making them freely accessible to researchers worldwide.

The journal is using the Editorial Manager System for online manuscript submission, review and tracking. Editorial board members of the Advances in Automobile Engineering or outside experts review manuscripts; at least two independent reviewer's approval followed by the editor approval is required for the acceptance of any citable manuscript.

Longdom Publishing through its Open Access Initiative is committed to make genuine and reliable contributions to the scientific community. Longdom Publishing hosts over 700 leading-edge peer reviewed Open Access Journals and organizes over 1000 International Conferences annually all over the world. Longdom Publishing journals have over 10 million readers and the fame and success of the same can be attributed to the strong editorial board which contains over 50000 eminent personalities that ensure a rapid, quality and quick review process. Longdom Publishing signed an agreement with more than 1000 International Societies to make healthcare information Open Access. Longdom Publishing Conferences make the perfect platform for global networking as it brings together renowned speakers and scientists across the globe to a most exciting and memorable scientific event filled with much enlightening interactive sessions, world class exhibitions and poster presentations.

Advances in Automobile Engineering, a broad-based journal was founded on two key tenets: To publish the most exciting researches with respect to the subject of Advances in Automobile Engineering. Secondly, to provide a rapid turn-around time possible for reviewing and publishing and to disseminate the articles freely for research, teaching and reference purposes. Advances in Automobile Engineering accepts online letters to the editors, brief comments that contributes to the previously published articles or other relevant findings in Longdom field. Open Access is a publication model, that enables the dissemination of research articles to the global community without restriction usually through the internet. Thus, all articles published under Open Access can be accessed by anyone with internet connection. Advances in Automobile Engineering strongly supports the Open Access initiative. Abstracts and full texts (HTML, PDF and XML format) of all articles published by Advances in Automobile Engineering are freely accessible to everyone immediately after publication.

In today's wired world information is available at the click of the button, curtsey the Internet. Advances in Automobile Engineering-Open Access gives a worldwide audience larger than that of any subscription-based journal in Longdom field, no matter how prestigious or popular, and probably increases the visibility and impact of published work. Advances in Automobile Engineering-Open Access gives barrier-free access to the literature for research. It increases convenience, reach, and retrieval power. Free online literature is available for software that facilitates full-text searching, indexing, mining, summarizing, translating, querying, linking, recommending, alerting, "mash-ups" and other forms of processing and analysis. Advances in Automobile Engineering-Open Access puts rich and poor on an equal footing for these key resources and eliminates the need for permissions to reproduce and distribute content.

Why Special Issue

This special issue has been introduced to recognize those researchers who are with us from the starting of the Conference and kept their belief with us regarding the quality of the conference and the publication. Their continuous support make the Conference as well as the supporting journal to the conference successful and recognized by the international experts. Here in honor to those supporters, those speakers, those submitters, those researchers we are releasing the special issue with the abstracts accepted for the conference, full length articles submitted to the conference and with the short communication submitted to the conference.
