

Editorial Note for Journal of Medical Diagnostic Methods

Francesco Ferrara*

Surgical Oncology Unit and Minimally Invasive Surgery Unit, University of Siena, Italy

EDITORIAL NOTE

Journal of Medical Diagnostic Methods (ISSN: 2168-9784), is a peer-reviewed, multidisciplinary, open-access journal, that provide rapid publication in the field of advancing technology in all areas of molecular diagnosis, novel diagnostic tools, laboratory diagnosis, clinical and diagnostic research therapeutic endoscopy by offering a platform to the authors/researchers to globalize their research and also make their contribution in the growth of the journal.

On the behalf of Board of Journal of Medical Diagnostic Methods, I am glad to present the Volume 9, Issue 3 of the journal. The journal established in the year of 2012 and has now successfully published 8 issues with the continuous support of our editorial board members, reviewers, authors and our readers.

The Impact factor of Journal of Medical Diagnostic Methods for the last 5 year was 0.392, while the Index Copernicus Value is 62.89. Also the journal is indexed in Index Copernicus, Google Scholar, Academic Journals Database, Open J Gate, Genamics JournalSeek, Electronic Journals Library, RefSeek, EBSCO A-Z, OCLC-WorldCat, Publons, Geneva Foundation for Medical Education and Research.

Aims and scope of the Journal

The main aim of Journal of Medical Diagnostic Methods is to publish high-quality research works and also to provide open access to the articles using this platform. The Journal follow double-blind review process, where reviewers do not know the identity of authors and authors do not know the identity of the reviewers.

The journal is broad scoped and considers topics from the areas such as Medical Diagnosis, Diagnostic Methods, Cancer Diagnosis, Differential Diagnosis, Medical Equipments, Positron Emmission Tomography, Coronary Artery Disease, Bacterial Infections, Medical Screening, Computed tomography, Adrenocortical Carcinoma, Magnetic Resonance Imaging, Haemodialysis, Biopsy, Prenatal diagnosis, Diagnostic procedure, Clinical Diagnostic Test, Retrospective Diagnosis, Diagnostic Imaging, Mammography, Colonoscopy, Laboratory Diagnosis, Medical Indication, Computer Aided Diagnosis.

Manuscript submission process

Journal of Medical Diagnostic Methods is in the process of soliciting manuscripts for upcoming Volume 9 Issue 4 release. Manuscripts can be submitted as an e-mail attachment to meddiagnosis@scholarcentral.org or through our Online Manuscript Submission System.

The manuscripts undergo peer-review process to assess the quality before it is published. Researchers in the relevant research area assess submitted manuscripts for validity and significance to help editors determine whether the manuscript should be published in their journal.

Role of social media

Article published in the Journal will be subjected to post-publication promotion using digital marketing and social media platforms via Twitter; LinkedIn; Facebook; etc. for better showcase of published articles and wide visibility across the globe, introducing new information about the recent research works and getting talented researchers in to the lime light, which also providing an acknowledgement about the ongoing researches, that ultimately serving the purpose of academics.

Statistical analysis

As per 2019 google analytics report, it is noted that journal has about 13000+ active readers from all around the world. To learn about the ongoing research activities in the field of medical diagnostic methods readers from the countries United States, France, Japan, United Kingdom, India, Egypt and Nigeria visit our journal domain.

ACKNOWLEDGMENTS

I would like to take this opportunity to thank author, editorial and review board who have been serving as bridge for the continuity of journal by actively participating in review process along with official editorial committee.
