I am pleased to mention that during the year 2019, all issues of volume 9 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online. Autism-Open Access Journal has published articles related to Autism Spectrum Disorder, Positive Psychology, Preliminary Study in children's with ASD, Pragmatic Language Impairments, Social Communication, Mathematical Verification of Texas Laws With Respect to Autism, Impact of ASD on families, Harm caused by drug during pregnancy with ASD. The Journal Impact factor is 1.94. During the calendar year 2019, AUO received a total of 15 papers, out of which 4 articles were rejected in the preliminary screening due to plagiarism or being out of the format. During 2019 around 4 issues were released. 11 articles were subjected to the peer-review process and 10 of those were accepted. Most of the papers are from United States of America where Autism related research is more. Average publication lag time of an article was further reduced to 45 day.

Autism-Open Access is an scholarly Open Access journal that aims to publish the most complete and reliable source of information on discoveries and current developments in the mode of original articles, review articles, case reports, short communications, etc. in all areas of the field, making them freely available online to the researchers worldwide without any subscriptions The Journal is using Editorial Manager System for quality in online manuscript submission, review and tracking. Editorial board members of Autism-Open Access or outside experts review manuscripts; at least two independent reviewer's approval followed by the editor is required for the acceptance of any citable manuscript.

The coming year we are going to publish the articles related to ASD in Children , Psychological behavior in children, Autism Diagnosis, Psychological abnormalities in pediatrics and geriatrics, Applied Behavioral Analysis, Autism Therapy, Alzheimer's, Neurodegenerative Disorders, Rett Syndrome, Epilepsy, Occupation Therapy for Autism, Repetitive Behavior in

Autism, Social Communication, Language Impairments, Psychotropic Medication, Audio Psycho Phonology, Cognitive Behavioral Therapy, Mental Health , Neuro-imaging in Autism Spectrum, Autism Awareness, Pervasive Developmental Disorders, Asperger Syndrome, Childhood Disintegrative Disorder, vaccines autism, kids with autism, autism research, Mild Autism, Childhood Disintegrative Disorder (CDD), Kanner's Syndrome, Neurotypical Children, Neurobiological Disorders, Brain Disorders, Mental Illness, Epilepsy, Schizophrenia, Psychotic Disorders, etc.

As of today's society, the use of social media has become a necessary daily activity, it is a valuable tool locally and worldwide, so we will communicate with the Researchers, Students, Scholars, Scientists, Professors, Deans, Institutes, Universities, and all the members related to the subject through LinkedIn, Twitter, Face book, My Live Chart, WhatsApp. We post the upcoming Issue and Journal highlights and current research works in social networks. So that all the members can work on the research and submit their papers.

I take this opportunity to acknowledge the contribution of authors during the final editing of articles published and the support rendered by the editorial assistant in bringing out issues of AUO in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of Autism Open Access, the office bearers and staff for their support in bringing out yet another volume of AUO and look forward to their unrelenting support to bring out the Volume 10 of AUO in scheduled time.
