

## Editorial Note on Epigenetics Research: Open Access

Natalia Jones<sup>\*</sup>

Dear Readers

Epigenetics Research: Open Access is an Open Access, peer-reviewed journal that provides the forum for publication. Epigenetics Research covers all aspects of Oncology, Diabetes Mellitus, Sleep Apnea, Asthma, Periodontitis, Pain, Schizophrenia, Atherosclerosis, Autism Spectrum Disorder, Depression, Muscular Dystrophy, Cystic Fibrosis and Nutrigenomics etc.

I am pleased to mention that, all issues of volume 1 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online.

During the calendar year 2019, a total of 1 Editors, 3 Reviewers joined the board of Epigenetics Research and contributed their invaluable services towards contribution as well as publication of articles.

I take this opportunity to acknowledge the contribution of (Catia Moutinho) during the final editing of articles published and the support rendered by the editorial assistant, (Natalia Jones) in bringing out issues of Epigenetics Research in time. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of Epigenetics Research, the office bearers for their support in bringing out yet another volume of Epigenetics Research and look forward to their unrelenting support to bring out the Volume 2 of Epigenetics Research in scheduled time .
