

Editorial

We are pleased to mention that during the year 2020, all issues of volume 8 were published online successfully within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online. All published articles of this journal are included in the indexing and abstracting coverage of Google Scholar, Genamics Journal Seek, China National Knowledge Infrastructure (CNKI), CiteFactor, Directory of Research Journal Indexing (DRJI), IndianScience.in, Jour Informatics, CiteSeerx, American Standards for Journals and Research (ASJR), InfoBase Index, Secret Search Engine Labs During the calendar year 2019, IPAPP received a total of 20 papers, out of which few articles were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2020 around 10 articles were subjected for publication after they are accepted in the peer review process. In the 1 issues of Volume 8 published during the year 2020, a total of 10 articles were published (at an average of 5 articles per issue) of which, articles were published from authors all around the world. A total of 58 research scientists from all over the world reviewed the 13 articles published in volume 8. Average publication lag time of an article was further reduced to 2-3 weeks. Journal of Angiology also announces its new association with Euroscicon for Archiving, Journal maintenance, financial purpose and support. However the journal will be running its original website www.longdom.org/angiology parallel for Editorial and review work process so as to maintain its highest standard of scientific work. We take this opportunity to acknowledge the contribution of editors and Associate Editors, during the final editing of articles published and the support rendered by the editorial assistants. We would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of Euroscicon for their support in bringing out yet another volume and look forward to their unrelenting support to bring out the Volume in scheduled time.
