

## Editorial Note on Journal of Nanomedicine & Biotherapeutic Discovery

Anjay Rastogi\*

Director, Program Division of Nephrology, David Geffen School of Medicine at UCLA, USA

### EDITORIAL NOTE

I am pleased to mention about the Journal of Nanomedicine & Biotherapeutic Discovery that during the year 2019, all Issues of volume 9 were published online well within the time and the print issues were also brought out and dispatched within 30 days of publishing the issue online.

Journal of Nanomedicine & Biotherapeutic Discovery is a scholarly open access journal publishing articles amalgamating broad range of fields of novel nano-medicine field with life sciences. Nanomedicine & Biotherapeutic Discovery is an international, peer-reviewed journal providing an opportunity to researchers and scientist to explore the advanced and latest research developments in the field of nanoscience & nanotechnology.

The Impact factor of JNBD for the year 2019 was 1.67 and maintained this till now. JNBD is constantly in the direction of improving the Impact factor and will soon reach a higher value. All published articles of JNBD journal are included in the indexing and abstracting coverage of: CAS Source Index (CASSI), Index Copernicus, Google Scholar, Sherpa Romeo, Open J Gate, Genamics JournalSeek, ResearchBible, China National Knowledge Infrastructure (CNKI), Ulrich's Periodicals Directory, RefSeek, Hamdard University, EBSCO A-Z, OCLC- WorldCat and Publons.

During the calendar year 2019, JNBD received a total of 12 papers, out of which 5 articles (42%) were rejected in the preliminary screening due to plagiarism or being out of the

format and peer review process. During 2019 around 7 articles were subjected for publication after they are accepted in the peer review process. In the 2 issues of Volume 9 published during the year 2019, a total of 5 articles were published of which, articles were published from authors all around the world. A total of 28 research scientists from all over the world reviewed the 7 articles published in volume 9.

A special issue on "2019-CoV coronavirus" is coined by our Editor-in-Chief Dr. Hai-Feng (Frank) Ji, Ph. D. and the Guest Editor for this special is Dr. Wenjun Du, Ph.D. The topics which are suggested for this special are: 1) Mechanism and Transmission of 2019-nCoV Coronavirus, 2) Isolation and Screening of a Novel Coronavirus, 3) Genetic makeup and Clinical features of Coronavirus, 4) Origin and evolution of pathogenic coronavirus, 5) Complications and Potential treatment of 2019-nCoV and 6) Antiviral Drug discovery: Coronavirus. We are approaching researchers throughout the world to submit manuscript on special issue through mail, twitter and linkedin.

I take this opportunity to acknowledge the contribution of Hai-Feng Frank Ji, Editor-in-Chief during the final editing of articles published and the support rendered by the editorial assistant, in bringing out issues of JNBD in time and also for coining a Special issue on "2019-CoV coronavirus." I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of JNBD, the office bearers for their support in bringing out yet another volume of JNBD and look forward to their unrelenting support to bring out the Volume 10 of JNBD in scheduled time.
