### Retraction Note:

The article entitled "Evaluation of Cortisol Levels in Saliva of Anxious and Non-Anxious Patients with Chronic Periodontitis in Sulaymani Governate" has been accepted for publication in the Journal of Depression and Anxiety considering the statements provided in the article as personal opinion of the author which was found not having any conflict or biasness towards anything. As the article was a perspective one, information provided by the author was considered as an opinion to be expressed through publication.

Soon after the publication of the paper, we witnessed some serious concerns and many of them argued that the paper is a personal

perspective and had not discussed any relevant ethical issue considered under the journal scope. Moreover, the paper is neither innovative nor thought provoking.

Publisher took decision to make the article online solely based on the reviewer's suggestion which considered the article not but an opinion of the author. However, it is found that the article has some unavoidable mistakes and issues, therefore, being retracted from the journal.
