

Global Summit on Clinical Microbiology and Parasitology

Muhammad Shahid

Longdom Conferences extends immense pleasure and honour by inviting you to attend the Webinar on "Clinical Microbiology and Parasitology" scheduled during July 22 2020. Advanced Microbiology 2020 will be focusing on the theme "Progressing research Trends in Clinical Microbiology" to enhance and explore knowledge among academicians and industry personnel. Advanced Microbiology 2020 will be having sessions on, microbiology, infectious diseases, pharmaceutical microbiology, environmental microbiology, medical microbiology and its related subjects to establish a connection for exchanging ideas. Detailed agenda of Advanced Microbiology 2020 will have keynote presentations, plenary sessions, oral sessions, panel discussion, posters presentations, workshops, symposia, and young researchers' forum.

Webinar on Clinical Microbiology and Parasitology will be the world's foremost Webinar for all eminent professionals dealing with Microbiology and Parasitology Research science to come together and enrich this event with their research findings and experiences. Advanced Microbiology Research offers over 15 scientific sessions from different research areas in the field of Clinical Microbiology and Parasitology research science in the form of keynote presentations, plenary sessions, oral sessions, panel discussions, posters presentations, workshops, symposia, and young researchers' forum.

Webinar on Clinical Microbiology and Parasitology is going to be held during Jul 22, 2020. Advanced Microbiology 2020 will address the succeeding research and development in the field of Microbiology, Microbes and Infectious Diseases, Health care and Infectious Diseases, Vector-borne and Zoonotic illnesses (VBZD), Food and Water Borne Diseases, Air Borne and Infectious Diseases, Pharmaceutical Microbiology, Environmental microbiology, Medical microbiology, Microbiota, and Human Virology and Infectious Diseases this will provide a major opportunity for collaboration and interaction among all Microbiologist, Research scholars and Industry personnel. Global Summit on Clinical Microbiology and Parasitology will become the leading platform in bringing together all experts and beginners for a friendly and effective research-oriented discussion. The goal of Longdom conferences is to bring together scientists at every level from diverse disciplines to understand and discuss throughout the

programmed sessions and comfortable gatherings. All these opportunities will support the professional growth of younger scientists that will promote future collaborations and enhance participation and contribution to their exciting research work.

Major scientific sessions of Advanced Microbiology 2020 are Aquatic and Marine Microbiology, Biotechnology Applications, Medical Microbiology, Industrial Microbiology, Microbial Biotechnology and Future Bio industries, Pharmaceutical Microbiology, Clinical Infections and Vaccines and this international conference will be attracting leading researches and decision makers in their field, principal investigators, and business professionals for sharing knowledge and research globally.

ELIGIBILITY

Postgraduates/masters student, junior scientist, young faculty member, PhD scholar and Postdoc researchers
Privileges: The Young Scientist Feature is a platform to promote young researchers in their respective area by giving them a chance to present their achievements and future perspectives.

- Acknowledgement as YRF Awardee
- Recognition by providing certificates and memento
- Recognition through website promotion and award page
- Networking opportunity to coordinate with partners around the world
- Publish that particular research paper for free

CRITERIA

- All accepted abstracts will automatically be considered for the Award.
- All the presentation will be evaluated at the conference venue
- All the awards will be selected by the judges of the award category
- The awards will be assessed as far as plan and format, intelligence, argumentation and approach, familiarity with past work, engaging quality, message and primary concerns, parity of content visuals, and by and large impression

GUIDELINES

- All submissions must be in English
- The topic must fit into scientific sessions of the

Muhammad Shahid

Professor, Department of Microbiology, SCME, NUST, H-12 Campus, Islamabad, Pakistan. E-mail: mshahid@scme.nust.edu.pk

conference

- Each individual participant is allowed to submit maximum 2 abstracts
- Abstract must be submitted online as per the given abstract template
- Abstracts must be written in Times New Roman and font size will be 12
- Abstract must contain title, name, affiliation, country, speakers biography, recent photograph, image and reference

CONDITIONS of ACCEPTANCE

To receive the award, the awardee must submit the presentation for which the award is given, for publication at the website, along with author permission. Failure to submit the PPT, and permission within the designated timeframe will result in forfeiture of award.

AWARD ANNOUNCEMENTS

Official announcement of the recipients will occur after the completion of conference.
