### EDITORIAL NOTE

On behalf of the Board of the Journal of Clinical and Experimental Cardiology and my co-editors, I am glad to introduce the Volume 11, Issue 7 of the journal. The journal established in 2010 with 3 issues in that year has now published 10 volumes and is running the 11 volume. It is time to have a glance at the journal as truly international and continue to assiduous to help the journal in climbing up the ranking ladder with great number of informative and within scope manuscripts. Hope this year makes a remarkable spot in the annals of the journal as it includes some very knowledge gaining manuscripts within scope of journal. To get best advantage out of this development, we encourage more types of articles asides, regular research, review or commentary articles. This will help us in scoring high in performance measures and moving up in journal ranking lists. We have also planned to release special issue on the pandemic coronavirus titled "Effect on COVID 19 on cardiovascular disease" you can have a glance at the webpage for more information, in the past few years also we have coined various special issue titled:- cardiac stem cells, cardiac arrest and sudden death, advances in cardiac surgery and therapeutics, Cardiac biomarkers, coronary heart disease, valvular heart disease, cardiopulmonary disorder, Congenital Heart Disease-Recent Discoveries and Innovations, Myocardial Infarction & Protection-II, Heart Transplantation, Heart failure, Clinical cardiology, Vascular Disease in Heart Transplantation, Arteriosclerotic Vascular Disease, Myocardial Infarction and Protection, Atherosclerosis and Cardiovascular Risk Factors, Peripheral Vascular Disease.
