Exploring Scientific Research Strategies and Health Advancements

We invite you to join us at the upcoming “**3rd International Conference on Cardiovascular Diseases and Therapeutics**” during **April 01-02, 2020 in Paris, France** where you will be sure to have a great experience with scientists and doctors from around the world. The main theme of the conference is “*Novel Perspectives on Clinical Cardiology and Heart Diseases*”.

The organizing members is gearing up for an exciting and informative conference program including plenary talks, symposia, workshops on a variety of topics, poster presentation and various programs for participants from all over the globe.

CVDT Conference 2020, is primarily focussed on different aspects in the field are Heart Rhythm and Arrhythmia, HIV and Heart Disease, Hypertension and Arterial Hypertension, Stem Cell and Regenerative Biology, Stem Cell and Regenerative Biology, Robotically Assisted Heart Surgery, Cardiac Imaging, Paediatric Cardiology, Acute Coronary Syndromes, Invasive Cardiovascular Angiography and Interventional Cardiology, and Vascular Surgery and Vascular Diseases and new improvements in the field of Cardiology and, new synthetic ways and advances in Health.

USA is the dominant regional market for the heart diagnostics with a share of the approximately 47% of the overall heart diagnostics market in terms of revenue in 2018, followed by Europe which accounted for around 38% share in the market and then by Asia accounting for 16% share.

A prospective survey patient with cardiovascular disease:

- Coronary angiography was used in 85.2% of the patients before intervention.
- The (EHS) Euro Heart Survey program has been initiated order to provide the quantitative information on cardiovascular diseases.
- To prevent the incidence of (CV) cardiovascular disease, by implementing strategies to reduce the burden of Cardiovascular risk factors and incidence of cardiovascular disease and develop the appropriate models for healthy CV lifestyle.

The **Organizing Committee** of Cardiology Conferences embrace Academic professors, research scholars, who endeavour to disseminate their research experience to escalate the forthcoming and research ideas. Conference Series LLC LTD is an open resource platform that conducts 3000+ global events including International Conferences, Workshops, Symposia, Trade Shows, Exhibitions and Science Congresses in all the major scientific disciplines, including Clinical, Medical, and pharmaceutical, Engineering, Technology, Business Management and Life Sciences across America, Europe, The Middle East, and Asia Pacific.
