## **Why Special Issue**

This special issue has been introduced to recognize those researchers who are with us from the starting of the Conference and kept their believe with us regarding the quality of the conference and the publication. Their continuous support make the Conference as well as the supporting journal to the conference successful and recognized by the international experts. Here in honor to those supporters, those speakers, those submitters, those researchers we are releasing the special issue with the abstracts accepted for the conference, full length articles submitted to the conference and with the short communication submitted to the conference.

*Note: This special issue is nothing but a part of the conference proceeding with the full length articles submitted for the conference in honour to recognize the conference attendees and the submitters.*
