

Mass Spectrometry 2020

With the successful completion of our previous “[International Conference and Exhibition on Spectroscopy and Analytical Techniques](#)” held for the duration of October 17-18, 2019 in Bangkok, Thailand focusing with the theme of “Advancements and Scope of Spectroscopy in Modern Chemistry”.

Conference becomes inaugurated with the keynote forums of:

- Shengxi Jin, Labs-Mart Inc, Canada
- Kent Peterson, Fluid Imaging Technologies, USA
- Luigi Silvestro, 3S- Pharmacological Consultation& Research GmbH, Germany
- Alexander A. Sysoev, National Research Nuclear University MEPhI, Russia Miroslav Ryska
- Quinta-Analytica, Czech Republic, Republic of Macedonia, Macedonia

By receiving howling and wondrous response from the speakers Conference Series is pleased to announce that “4th International Conference on Mass Spectrometry” which is held during October 12-13, 2020 at Milan, Italy. The event knowledgeable with the theme of “Recent Research Trends and Novel Innovations in Mass Spectrometry” which contains the sessions of Terahertz Spectroscopy, X-Ray Spectroscopy, EPR Spectroscopy, Chromatography, NMR Spectroscopy, Luminescence Spectroscopy, Separation Techniques and many more.

The next proceedings of conference organized by conference series is “5th World Congress on Mass Spectrometry”. The main aspiration of the conference is “Prospect the new discrimination in Mass Spectrometry”.

The primary goal of [Mass Spectrometry](#) Conference was to bring together scientists, technologists, Promoters/Directors/Chairpersons/Academicians/Senior Management, Higher Educational Institutions and Media as well from around the world to discuss the most recent happenings, trends, and concerns, practical challenges encountered and the solutions adopted in the field of Mass Spectrometry.

We have come up with an idea of honouring the members with Best Keynote Speaker, Best Speaker, Best Masters/Ph.D./Postdoc Thesis work presentation, Best

Poster Award.

Mass Spectrometry 2020 will encourage scientists and researchers & young researchers in their early stage of profession graph to widely discuss their outcome a good way to enrich and increase the idea by way of felicitating them with the numerous Awards of their respective fields. The Main aim is meant to encourage college students in taking energetic part inside the International Science platform to sharpen their talents and knowledge. The one of a kind plan in the back of the conference is to provide a possibility for leading academicians, scientists, researchers and industrial experts from around the world to accumulate and have dialogue on the most current advancements within the interlinked domain names of science, enterprise and era and its research benefits for each other domain names progress.

The Sponsor & Exhibitor in the Conference will get chance to expose themselves to new clients, customer, business, brand awareness and media exposure. Our sponsorship has categorized with Premium Sponsorship Packages: Elite Sponsor, Silver Sponsor, Gold Sponsor, Exhibition, Media Partner, Collaborator, Additional Sponsorship Packages and Advertisements.

Conference series LLC Ltd and its subsidiaries together with ImedPub Ltd and Conference Series Organise 3000+ Conferences across USA, Europe & Asia with support from one, thousand a lot of scientific societies and Publishes 700+ Open Access Journals that contain over 50000 eminent personalities, supposed scientists as editorial board members.
