

New Editor-in-Chief

Kate Jones*

Managing Editor, Anatomy and Physiology; Current Research, Brussels, Belgium

EDITORIAL NOTES

It is my pleasure to contact the individual from our regarded society through this diary. I accept this open door to present our New Editor-in Chief Sergey Zaets.

We warmly congratulate Raymond Chuen-Chung Chang (Editor-in-Chief), for joining the 2021 Editorial Board. We hope you find your time at the Anatomy and Physiology: Current Research as you study, evaluate, and engage in Anatomy and Physiology and its relevant fields. Please read below to learn more about Sergey Zaets.

SENIOR MEDICAL DIRECTOR FOR CLINICAL RESEARCH AND DEVELOPMENT

Leads cross-functional coordination of multiple clinical trials, ensuring medical integrity and regulatory compliance through development of scientific study plans, management of tactical aspects, and directing investigative protocols. Engages communications with external partners and internal/corporate professionals to establish medical findings, discoveries, and regulatory approvals. Concentrated medical specialty areas of

experience include Hemophilia and Rare Bleeding Disorders, Red Blood Cell Disorders and Blood Transfusion, Cardiovascular, Surgery, Neurology, Rehabilitation, and Pediatrics.

PROFESSIONAL EXPERIENCE

Leads clinical development projects on use of hetrombopag in patients with severe aplastic anemia, chemotherapy-induced thrombocytopenia and use of FXIa inhibitor for multiple indications.

1. Develops Clinical Development Plans, clinical trial protocols, and investigator brochures.
2. Constantly interacts with safety, regulatory and operations teams in the USA, China, and Europe.
3. Constantly interacts with key opinion leaders (KOLs) in the USA and Europe, organizes Advisory Boards.
4. Prepares Investigational New Drug Application (IND) submissions, prepares and participates in meetings with Food and Drug Administration (FDA)
