

Past conference report - 2nd international conference on women's health, reproduction and fertility which was held during March 16-17, 2020

Oluwa Adikpe

Department of Veterinary Physiology and Biochemistry, University of Abuja, Nigeria

Women's health conference is an approach of prevention and treatment that focuses on health concerns unique to females. Usually, men and women share relative health challenges; the only disparity is that Women's Health needs specific consideration. The recent advancements in infertility were enlightened and discussed in the 2nd International Conference on Women's Health, Reproduction and Fertility which was held during March 16-17, 2020 at MENA Plaza Hotel Albarsha with the theme of "Insights into Women's health and Infertility: Think differently" received a spectacular response. With the active participation and support of the Organizing Committee Members, Editorial Board Members and impressive presentations of all eminent scientists, talented researchers and young student community made this conference one of the most successful and productive events in ME Conferences.

The conference was initiated with a warm welcome note from our Honorable guests and followed by Keynote sessions. We would like to convey the great appreciation for Kadhim Alabady, Dubai Health Authority, UAE, the Honorable moderator for the conference who contributed a major part to the success of this event.

The highlights of the meeting were the enlightening keynote lectures from:

- Amin Gohary, Burjeel hospital, UAE
- Kadhim Alabady, Dubai Health Authority, UAE
- M. Ebrahim Parsanezhad, Shiraz University, Iran

Reproduction Fertility 2020 would also like to thank the following speakers for their splendid presentations on their research.

- Mark S Denker, Palm Beach Fertility Center, USA
- Priyanga Poomani, Karpagam Medical College & Hospital, India
- Brinzan Daniela, Country Hospital, Romania
- Aya M E Mudawi, University of Khartoum, Sudan
- Aya Elhag Adam Yousif, University of Khartoum, Sudan
- Rayan Adam Mahdi, University of Khartoum, Sudan
- Saja Salah, University of Khartoum, Sudan

We earnestly thank the Organizing Committee Members, Participants and Media Partners for their thoughtful presence and liberal support, without which the conference would not have reached the apex of success. Your response is our inspiration; recalling this maxim and seeing the triumph of Reproduction Fertility 2020, ME Conferences would like to announce the commencement of the "3rd International Conference on Women's Health, Reproduction and Fertility" scheduled March 29-30, 2021 in Abu Dhabi, UAE

We welcome all the eminent researchers, professors, students and delegate participants from worldwide to partake in this forthcoming gathering to witness invaluable scientific discussions and add to the future advancements in the field of Reproductive Biology Research.
