

## Nanoscience 2020 Past Conference Report

We would like to thank all of our wonderful keynotes, speakers, conference attendees, students, associations, media partners and guests for making Nanoscience 2019 a successful and splendid event.

Allied Academies hosted the joint event of “22nd International Conference on Advanced Nanoscience and Nanotechnology and 2nd International Conference on Nanomaterials and Nanotechnology” during May 16-17, 2019 at Panorama Hotel Prague, Milevská 7, 140 63 Praha 4, Czechia, Prague, Czech Republic with the theme “Interminable Explorations on Future Era of Nanoscience and Nanotechnology”. Benevolent response and active participation was received from the Editorial Board Members of supporting International Journals as well as from the leading academic scientists, researchers, research scholars, students and leaders from the fields of Nanoscience and Nanotechnology who made this event successful.

We also thank the moderators for both the Day 1 and Day 2, Who moderated the conference to the end in a successful way.

- Johan Alauzun | Charles Gerhardt Institute Montpellier | France
- Kangze Liu | Technological University Dublin | Ireland

The conference was marked by the attendance of young and brilliant researchers, business delegates and talented student communities representing more than 18 countries, who have driven this event into the path of success. The conference highlighted through various sessions on current retroviral research.

Nanoscience 2019 witnessed an amalgamation of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the fields of Nanoscience, Nanomaterials and Nanotechnology

The meeting was carried out through various sessions, in which the discussions were held on the following major scientific tracks:

- Nanoparticles
- Biomaterials
- Nano Composites
- Nanomaterials
- Carbon Nanotubes
- Nano Biotechnology
- Polymer Nanoscience
- Advanced Nanomaterials
- Functional Nanomaterials
- Nanophysics
- Nano Electronics

The conference proceedings were carried out through various Scientific-sessions and plenary lectures. The conference was embarked with an opening ceremony followed by a series of lectures delivered by both Honourable Guests and members of the Keynote forum. The adepts who promulgated the theme with their exquisite talk were;

- Huijun Zhao | Griffith University | Australia
- Miriam Colombo | University of Milano-Bicocca | Italy
- Johan Alauzun | Charles Gerhardt Institute Montpellier | France
- Carlos Pagliosa | RHI Magnesita | Brazil
- Houzheng Wu | Loughborough University | UK
- Yaw-Kuen Li | National Chiao Tung University | Taiwan

The event enlightened various areas of Nanoscience, and Nanotechnology with Workshops and plenary lectures from the speakers of various universities and organizations like

- Kaitlyn Parsons | University of Illinois | USA
- Ivo Dlouhy | Brno University of Technology | Czech Republic
- Francesco Picchioni | University of Groningen | The Netherlands
- Hagay Shpaisman | Bar-Ilan University | Israel
- David Strawser | Technical Developments | Israel
- Fabio Vengoechea | Laboratorio Avimex SA de CV | Mexico
- Bianca Rita Pistillo | Luxembourg Institute of Science and Technology | Luxembourg
- Yongmei Zheng | Beihang University | China
- Houzheng Wu | Loughborough University | UK
- Yaw-Kuen Li | National Chiao Tung University | Taiwan
- Maurizio Destefanis | University of Turin | Italy
- Yuliang Li | Chinese Academy of Sciences | China
- Pavel Osmera | Brno University of Technology | Czech Republic

We are also obliged to various delegate experts, company representatives and other eminent personalities who supported the conference by facilitating active discussion forums. We sincerely thank the Organizing Committee Members for their gracious presence, support, and assistance towards the success of Nanoscience 2020.
