

## Past Conference Report of 12th World Congress on Chemistry and Medicinal Chemistry

Milanese Chiara

### Past conference report

We would like to thank all of our magnificent keynotes, speakers, conference attendees, students, associations, media partners and guests for making Chemistry 2020 a successful and splendid event.

Allied Academies hosted an event of “10th World Congress on Chemistry and Medicinal Chemistry” on February 28-29, 2020 at Rome, Italy with the theme “Role of Chemistry and Medicinal Chemistry in the Global Challenges to come”. Benevolent response and active participation was received from the Editorial Board Members of supporting International Journals as well as from the leading academic scientists, researchers, research scholars, students and leaders from the field of Chemistry who made this event successful.

The conference was marked by the attendance of young and brilliant researchers, business delegates and talented student communities representing more than 18 countries, who have driven this event into the path of success. The conference highlighted through various sessions on current research.

Chemistry 2020 witnessed a union of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the fields of Chemistry.

The meeting was carried out through various sessions, in which the discussions were held on the following major scientific tracks:

- Biochemistry & Chemical Biology
- Pharmaceutical Chemistry
- Forensic & Clinical Chemistry
- Organic & Bio-organic Chemistry
- Inorganic Chemistry

- Physical Chemistry & Theoretical Chemistry
- Mass Spectroscopy & Chromatography
- Nano science & Material Chemistry
- Analytical and Bio analytical Chemistry
- Food Chemistry & Agricultural Chemistry
- Environmental & Green Chemistry
- Oil and Petroleum Chemistry

The conference proceedings were carried out through various Scientific-sessions and plenary lectures. The conference was embarked with an opening ceremony followed by a series of lectures delivered by both Honourable Guests and members of the Keynote forum. The adepts who promulgated the theme with their exquisite talk were

- Laura Mercolini | Research group of Pharmacotoxicological Analysis (PTA Lab) | Italy
- Gerard Tobias | Institut de Ciència de Materials de Barcelona (ICMAB-CSIC) | Spain
- Alessandro D'Urso | Università degli Studi di Catania | Italy
- Torben Rene Jensen | Aarhus University | Denmark
- José M Bellosta von Colbe | Helmholtz-Zentrum Geesthacht | Germany

We are also obliged to various delegate experts, company representatives and other eminent personalities who supported the conference by facilitating active discussion forums. We sincerely thank the Organizing Committee Members for their gracious presence, support, and assistance towards the success of Chemistry 2020.

- Maccarrone Mauro | Università Campus Bio-Medico di Roma | Italy

- Hedvig Bolcskei | Budapest University of Technology and Economics | Hungary
- Cecilia Veronica Nunez | National Institute of Amazonian Research | Brazil
- Keen Yee | GalaxyFCT | Malaysia
- Istvan Mandity | Hungarian Academy of Sciences | Hungary
- Liu Li | Northeastern University | China

The event enlightened various areas of Chemistry with Poster presentation and Video presentation by:

- Guido Angelini & Carla Gasbarri | University "G d'Annunzio" of Chieti- Pescara | Italy
- Jan Stursa | IBT-Czech Academy of Sciences | Czech Republic

- Kristyna Blazkova | IBT-Czech Academy of Sciences | Czech Republic
- Severina Pacifico | University of Campania Luigi Vanvitelli | Italy
- Mindy Levine | Ariel University | Israel
- Carlos Ocampo-Lopez | Universidad Pontificia Bolivariana | Colombia

We are also obliged to various delegate experts, company representatives and other eminent personalities who supported the conference by facilitating active discussion forums. We sincerely thank the Organizing Committee Members for their gracious presence, support, and assistance towards the success of Chemistry 2020.
