

Past Conference Report of Separation Techniques & Formulation Reports

Salma Elmallah

Research Scholar, Central University of Gujarat, Gandhinagar, India, E-mail: salmae87@gmail.com

Conferences Series LLC has successfully concluded its **15th International Conference and Expo on Separation Techniques** from October 14-15, 2019 London, UK. More than 55 distinguished Doctors, researcher, academicians participated for sharing research advance, knowledge and expertise related to the dental worldwide. The 2 days conference, held on October 14th through October 15th provides the leading academic Doctors, researchers and scholars to share their experiences and research results about all aspects of on [Separation Techniques](#).

15th International Conference and Expo on Separation Techniques, 2019 was inaugurated followed by the keynote session by **Kal Karim** Leicester University, UK A with the title “**Advancements in Sample Preparation Techniques**”. The session was Chair **Olivier Dapremont** AMPAC Fine Chemicals LLC, USA and Co-Chair by **Stanislav L. Karsten** Neuro In Dx, Inc., USA.

The conference's first day, featured panels on Novel Separation Techniques in Chemistry & Emerging Separation Technologies, Basic Separation Techniques, Analytical Techniques in Water Treatment, Industrial waste water treatment, Membrane separations, Oil water separation, Digital light processing and Waste Water and Water Purification Techniques.

The second day began with an insightful poster session on the area of Advances in Chromatography and Mass Spectrometry & Crystallography and Separation techniques in food chemistry & Clinical chemistry, Biomarkers and Diagnostics assays. The conference concluded with the poster session. The Third day started with Networking and ended with Award ceremony.

Supported through the organizing committee network of renowned scientific and professional expert such as Alexander A. Syseov National Research Nuclear University ME Phi Russia, Chen long Duan University of

Mining and Technology China, Zhen Fu Luo professor University of Mining and Technology China, Francisco Marquez University of Turabo USA, Liang University of Hong Kong, Zhangisina Gulnur Davletxz Hanovna Academy of Informatization Kazakhstan, it provided a platform for collaboration among colleagues, vendors, and academia to reveal new innovations, solutions, ideas, and emerging technologies in [Separation Techniques](#)

Forthcoming Conferences on 10th World Conference on Separation Techniques & Formulation Reports during October 07-08, 2020 Vienna, Austria

Conferences Series LLC take great pleasure in inviting the scientific community across the globe to the **10th World Conference on Separation Techniques & Formulation Reports** during October 07-08, 2020 Vienna, Austria. Vienna is one of oldest and largest city of Austria. Vienna is considered as one of the best Venue for conducting conferences due its favourite tourist destinations. This meeting will explore advances in the **Separation Techniques & Formulation Reports**.

The upcoming [Separation Techniques & Formulation Reports](#) focus on Novel Separation Techniques in Chemistry, Advances in Chromatography and Mass Spectrometry. This conference will also present the advanced research, advanced techniques for characterization of Bio separation techniques methods.

Conference will encourage Young Researcher's Forum, scientists and the researchers in their early stage of career graph to widely discuss their outcome so as to enrich and develop the idea. The '[Best Poster Award](#)' is meant to encourage students in taking active part in the International Science platform to sharpen their skills and knowledgebase.

The Sponsor in the **Separation Techniques & Formulation Reports, 2020** can reach and get exposure

to new clients, customer, business, brand awareness and media exposure. The sponsorship has different levels **Premium Sponsorship Packages**: Elite Sponsor, Silver Sponsor, Gold Sponsor, Exhibition, Additional Sponsorship Packages and Advertisements.
