

Past Conference Report on Webinar on Genetic Engineering

Liang, Song

University, Country: Department of Surgery Binnan Clinic South Lakeview Avenue Xiamen, China

We are delighted to inform you that Webinar on Genetic Engineering; Scheduled on October 27, 2020, at 10:00 AM (UTC +5:30) has been successfully hosted with eminent speakers around the world. The summit will be forward with the theme Smart Innovative Trends in genetic engineering

Scientific sessions [Webinar on Genetic Engineering; October 27, 2020](#)

- Genetic Engineering
- Advanced Gene Therapeutics
- Molecular Biology
- Medicinal Biotechnology
- DNA Fingerprint
- Cell Biology
- Clinical Trials on Cell & Gene Therapy
- Gene Therapy
- Viral Gene Therapy
- Human Genetics
- Stem cells

Eminent Speakers at [Webinar on Genetic Engineering; October 27, 2020](#)

Liang, Song, University, Country: Department of Surgery Binnan Clinic South Lakeview Avenue Xiamen, China

Biography

Liang, Song, and Completed BSc., Fudan University and Ph.D., Pennsylvania State University Postdoctoral fellow, Salk Institute for Biological Studies her research interest include plant genomics, environmental stresses, seed development, gene expression
