

## Plant Science

### Henryk Kalisz

Conference series Ilc LTD hosted 7th Global Summit on Plant Science during October 07-08, 2019 Madrid, Spain based on the theme "Safeguarding the Plant Community for Global Development and Environmental Concerns". Active participation and generous response was received from the Organizing Committee Members, scientists, researchers, as well as experts from Non-government organizations, and students from diverse groups who made this conference as one of the most successful and productive events in 2018 from Conference series.

The conference was marked with workshops, multiple sessions, Keynote presentations, panel discussions, young research forum and Poster sessions. We received active participation from scientists, young and brilliant researchers, business delegates and talented student communities representing more than 35 countries, who have driven this event into the path of success.

The conference was initiated with a warm welcome note by Honorable guests and the Keynote forum. The proceedings went through interactive sessions and panel discussions headed by honourable Moderator Dr. Adamu Muhammad working at Kebbi State University of Science and Technology, Nigeria for the conference.

The conference proceedings were carried out through various Scientific-sessions and plenary lectures, of which the following Speakers were highlighted as Keynote speakers:  
Development of improved seed: Maximization and commercialization of Hasnain-2013 a high yielding rapeseed variety: Dr. Habib Ahmad, Islamia College Peshawar, Pakistan

Response of potato (*Solanum tuberosum* L.) Varieties to planting dates in Semi-arid lowland Nigeria: Dr. Adamu Muhammad, Kebbi State University of Science and Technology, Nigeria

The role of chloroplast precursor phosphorylating SYT kinases in protein import and acclimation in *Arabidopsis thaliana*: Dr. Ahmed Eisa, Ludwig Maximilian University of Munich, Germany  
Cooperation of TaCKX genes in regulation of growth and productivity of wheat (*Triticum aestivum* L.): Dr. Anna Nadolska-Orczyk, Plant Breeding and Acclimatization Institute – National Research Institute, Poland

Preliminary analysis of endogenous pectins and arabinogalactan proteins during ovule embryogenesis in sugar beet (*Beta vulgaris* L.): Dr. Sandra K. Cichorz, Plant Breeding and Acclimatization Institute – National Research Institute, Poland  
Effect of tillage systems and fertilizer treatments on yield of maize hybrids: Dr. Karamchand Bramdeo, University of Debrecen, Hungary

The garden of medicinal plants in Plewiska: Dr. Elzbieta Bilinska, Institute of Natural Fibers and Medicinal Plant, Poland  
Poster Judging was done by: Dr. Habib Ahmad

We are also obliged to various delegate experts, company representatives and other eminent personalities who supported the conference by facilitating active discussion forums. We sincerely thank the Organizing Committee Members for their gracious presence, support, and assistance towards the success of Plant Science 2019.
