

## Structural and Molecular Biology

Kate Jones\*

Editorial office, Longdom Publishing, Brussels, Belgium

### INTRODUCTION

The “16<sup>th</sup> International Conference on Structural and Molecular Biology” will be held on October 12-13, 2021 Manila, Philippines. Structural biology congress 2021 contributes opportunities to Scientists, research scholars, students, delegates, and exhibitors to enhance their skills and improve quality of research. We welcome you to go along with us at the Structural Biology Congress 2021, where you will make certain to have an important involvement with both your colleagues and experts from around the globe. It helps you to implement practical, proven strategies to run your research more effectively, efficiently, and profitably. All individuals from the Structural Biology Congress 2021 sorting out council anticipate meeting you in Manila, Philippines.

The conference is going to be organized on the theme: Investigating recent research and innovations in Structural and Molecular Biology. This Structural Biology Congress 2021 goes to be the most important and most promising international conference that specifically focuses on the Biochemistry by bringing all renowned researchers under one roof. This is often a 3-day multidisciplinary meeting covering all aspects of novel research and contributions within the field of structural biology and Molecular Biology.

### STERLING WORKSHOP SESSIONS

- Global Recognition to meritorious Researchers
- Global Networking with 50+ Countries
- Novel Techniques to profit your Research
- Global Business and Networking Opportunities

- Exquisite platform for exhibiting your by-products and International Sponsorship

### YOUNG SCIENTIST BENEFITS

Our conferences provide best Platform for your research through oral presentations. Share the ideas with both eminent researchers and mentors. Young Scientist will get International Certificate. Platform for collaboration among young researchers for better development

### TARGET AUDIENCE

- Biotechnologist
- Research Scientist
- Clinical Scientist
- Research Associates
- Chemist Microbiologist
- Biomedical Scientist
- Pharmacologist
- Laboratory Technician
- Lecturer in an Educational institution
- Medical Institutes
- Hospitals
- Research Institutes
