EDITORIAL

I am gleeful to announce that the Enzyme Engineering (JEEG) is a scientific open access journal that specifies and describes the development activities conducted in the field of Medical Science. The objective of the journal is to provide a medium for scientific communication to confer about the recent advancements in the very domain. It gave me an opportunity to bring forward the achievements of the journal in the year 2019. As we know that JEEG is the newly coined journal, it is under development and growing fast to be indexed by various indexing agencies. The entire issue was published by JEEG at the time and the preprints were also released and dispatched online within 30 days after the article was published online. Aims to publish most complete and reliable source of information on the discoveries and current developments in the mode of Research articles, Review articles, Case reports, Short communications, etc.

Journal of Enzyme Engineering is an open access Peer-Reviewed journal that seeks to publish the latest and excellent research papers, reviews and letters in all clinical and experimental fields. Submissions will be assessed on their scientific validity and

merit. JEEG received. Enzymes are seen as the major drug targets and are used as molecular machineries in the production of drug. JEEG is a high-quality journal devoted to the management of time and completes all the work on writing any article in a given period of time. As the cumulative time span of every article to be published online is 45 days from the date of receipt. The time is taken from 4 to 5 weeks for various processes such as quality check, peer review, processing of article. Quality checks and peer review processes complete within 14 days and the time period for the publication is only 7 days after acceptance of the article by reviewers and editors. Journal uses online broadcasting and various social media channels such as Twitter, LinkedIn, and Facebook for recent updates on what's going on in the newspaper to make people aware of the current topics related to JEEG. I would like to accept the existence of the contribution of all editors, reviewers, and the other supporting peoples during the final editing of the published articles and the help provided by the editorial assistant in bringing out JEEG issues in time. I am very grateful to all the authors, reviewers, the publisher and the editorial board of JEEG in bringing out yet another volume of JEEG.
