

Young Research Forum

Stella Ruth

Conference Series recognizes the efforts and contribution of students, researchers, academicians, and scientists within the field of agriculture and horticulture by endowing them with prestigious awards like Best academician award, Best researcher award alongside another awards in several categories containing certificates and mementos. Agriculture Congress 2021 is glad to announce “15th International Conference on Agriculture And Horticulture” which will be held during February 25-26, 2021 | Webinar by focus on the theme: “Highlighting The Advanced Technologies In Framing System For Better Yields -“What will you plan now, is what will you harvest later” Young Scientist Awards at Agriculture Congress 2021 Young scientist awards are given to the researchers and research organizations throughout the world who have been credited with outstanding achievements and are making a significant contribution to the advancement of field of Agriculture and Horticulture. Serving as a source of inspiration, the awards help raise the profile of talented individuals and therefore the organizations, additionally to the profession. A range of research awards is on offer to enable qualified investigators to hold out specific basic and clinical research projects – from young specialists to skilled investigators.

The Agriculture and Horticulture field assembles a broad range of scientific disciplines. The scope of those gatherings is extended by remarking key regulatory areas like Agriculture and Horticulture. Agriculture conferences are gathering of group of individuals to share their research ideas and knowledge of specific techniques and topics in Agriculture field. Frequently there are quite a couple of speakers within each conference, and these speakers are experts in Agriculture and Horticulture fields. Several topic reviews are programmed every day throughout the conference, and participants can usually make their choice of topics from among these scheduled international events. Technology and Business with 700+ peer-reviewed open access Journals in basic science, health, and technology. Agriculture and Horticulture Conferences are gathering of group of individuals to share their research ideas and knowledge of specific techniques and

topics in chemistry field. Frequently there are quite a couple of speakers within each conference, and these speakers are experts in chemistry fields.

To discuss the issues and accomplishments in the field of Agriculture and Horticulture Conference Series has taken the initiation to gather the world class experts both from academic and industry in a common platform at its 15th International Conference on Agriculture and Horticulture. The application for the 2021 Young Scientist Award is now accessible Agriculture and Horticulture 2021 Accepted abstracts are going to be published within the Agriculture: Open Access with a singular DOI Number.

Benefits:

- Young Scientist Award recongination certificate and memento to the winner
- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest technologies by networking.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field
- Share the ideas with both eminent researchers and mentors.
- It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

Eligibility:

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience

- Presentation must be into scientific sessions of the conference.
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
- Age limit- Under 35yrs
- All submissions must be in English.

Agriculture Congress 2021 provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join Agri Food Aqua 2020 for promoting your research article and to facilitate prestigious award in all categories.

In this fame, we look forward for your contribution and astonishing dedication to make our Agri Food Aqua 2020 more successful.

Agriculture Congress 2021 its Open Access Initiative is committed to make genuine and reliable contributions to the scientific & Technology community. Agriculture Congress 2021 aims with total 20 tracks to discover advances in Agriculture and horticulture and education in relation to the field as well as a breadth of other topics.

Agriculture Congress 2021 conference brings together individuals who have an interest in several fields like applied Agriculture Engineering, Agriculture and Food Security, Agronomy, Crop Protection, Soil Science, Soil Fertility, Organic Farming, Fertilizers and Pesticides, Food Science, Plant Science, Agricultural Biotechnology, Horticulture, Greenhouse, Agroforestry and Landscaping, Weed science, Viticulture and pomology, Agricultural Waste, Agricultural Extension, Livestock/Animal Farming, Hydroponics
