

Young Scientist Awards of Chemical Engineering 2021

Mimoun H

Allied Academies presents the *10th World Congress on Chemical Engineering, Materials Science and Nanoscience* on Feb 15-16, 2021 in Rome, Italy. The main objective of the conference is to frame networks with individuals from all around the globe so that they can exchange their views, ideas and knowledge in the field of Chemical Engineering, Materials Science and Nanoscience.

Our Chemical Engineering Congress organizes various there will be various specialized sessions in the conference under various categories. These awards are given to the presentations that have been chosen to be the best in the specific session. From every session of the congress, the best performer among the participants will be selected and awarded in the respective category.

Our [Chemical Engineering 2021](#) will announce the awards in the following categories

- Outstanding Speaker in Chemical Engineering 2021
- Best Keynote Speaker Chemical Engineering 2021
- Best Organising Committee Member Chemical Engineering 2021
- Best E-Poster Award Chemical Engineering 2021
- Best Young Research Forum Chemical Engineering 2021

Young scientist awards are given to the researchers and research organizations throughout the world who have been credited with outstanding achievements and are making a significant contribution to the advancement of field of Cardiology and Cardiac Nursing.

Serving as a source of inspiration, the awards help raise the outline of talented individuals and the organizations, in addition to the profession. A range of research awards is on offer to enable qualified investigators to carry out specific basic and clinical research developments – from young professionals to more established investigators. These awards provide an impetus to research actions undertaken by members and grant the distinguished applicants peer recognition and greater exposure.

The application for the Chemical Engineering 2021 Young Scientist Award is now accessible.

Accepted abstracts will be published in the respective journal

with a unique DOI Number.

Benefits:

1. Young Scientist Award recognition certificate and Trophy to the winners.
2. Our congress/Conference provides best Platform for your research through oral presentations and Poster Presentation.
3. Young Scientists will get appropriate and timely information and knowledge by this Forum.
4. Platform for collaboration among young researchers for better development and knowledge.
5. Provide an opportunity for research interaction and established senior investigators across the globe in the field of Cardiology and Cardiac Nursing.
6. Share and explore the ideas with both eminent researchers and mentors.
7. It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

Eligibility

Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, junior faculty with a minimum of 5 years of research experience

Presentation must be into scientific sessions of the conference.

Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).

Age limit- Under 35yrs

All submissions must be in English.

Nomination:

We invite online applications from desired candidates, self-nomination or nominated by organizations (both private & public sectors)/research guides. The first author must be the

The University of Boumerdes Algeria, Algeria

student & the student's advisor should attach a statement that their contribution is primarily advisory. Candidates applying for the Chemical Engineering, Materials Science and Nanoscience 2021: Young Researcher Award should send their resume, along with a letter of recommendation (from a research adviser/faculty/organization heads) to biochemistry@alliedforums.org along with the online application at the Chemical Engineering 2021.

Chemical Engineering 2021 provides best platform to expand your network, where you can meet scientists, authorities and researchers from around the world. It's your time to grab the opportunity to join Chemical Engineering 2021 for promoting your research article and to facilitate prestigious award in all categories.

In this fame, we look forward for your contribution and astonishing dedication to make our Chemical Engineering 2021 more successful.

Proposals for nominations should be sent to Emily Down at : biochemistry@alliedforums.org

This "10th World Congress on Chemical Engineering, Materials Science and Nanoscience" Chemical Engineering 2021 is expecting more than 200+ Participants to make the event wonderful. In this Chemical Engineering 2021, Congress will organize several Oral Presentation/ Video Presentation/ Symposium/ Workshops and Exhibition as we have introduced several new tracks to bring in more participants.

Criteria for Selection

Showcase your research through oral presentations.

Learn about career development and the latest research tools and technologies in your field.

This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research.

Develop a foundation for collaboration among young researchers.

The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe.

Interact and share ideas with both peers and mentors.

Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers.

Actively distribute information and promote the benefits of education and career matters.

We welcome all the Chemical Engineering, Materials Science and Nanoscience Professionals, Delegates, Researchers, and Students to make your presence in Rome, Italy by February 15-16, 2021. We once again thank all the participants for their wonderful contribution towards the event which helped us for successful accomplishment of this event.
See you in the city - Rome Italy.

Prize:

- We will recognize the awardee(s) with a memento, & Certificate of Appreciation followed by a special incentive for the next chapter of the conference. Global summit on Chemical Engineering 2021

- The prize-winning papers will be considered for publication in the supporting journals subjected to standard review procedures.

- Opportunity will be given to be the Student ambassador for the subsequent future conferences.
