PAST CONFERENCE REPORT – BIG DATA 2020

Roy H Campbell

University of Illinois, USA

Abstract

2nd International Conference on Big Data Analytics and Data Mining, hosted by the Allied Academies as held during July 20, 2020 based on the theme “Deciphering Future Trends in Big data and Data Mining” which got magnificent response. With the support and guidance of Organizing Committee Members and Data scientist presentations of all participants along with Scientists, Researchers, Students, and data leaders from various fields of Data Science and Analytics made this event a grand success.

We express our gratitude to the conference Moderator, for taking up the responsibility to coordinate during the sessions for smooth functioning of this event. We are indebted to your support.

A very special Thanks to our Keynote, Speakers and Delegates to have bestowed and their faith and invested in us to make this event a fruitful one. We hope you continue your support in our future endeavors.

So as continuation of Big Data 2020, we would like to heartily invite you to our upcoming International Conference on Data Science and Machine Learning scheduled during November 06-07, 2020. We look forward to seeing your benign presence with active contribution and support to make this event successful once more. More Info@ https://machinelearning.alliedacademies.com/
