2nd International Conference on Oil and Gas - Awards
Prof. Ahmed Farouk
Professor in Mechanical Power Engineering Department, Zagazig University, Egypt. E-mail: ahmedfarouk@yahoo.com

With the incredible success and overwhelming responses from our participants of Oil Gas 2019 in Singapore, we have planned for the “2nd International Conference on Oil and Gas” (Oil Gas 2020) in Dubai, UAE on April 13-14, 2020.

Oil Gas 2020 is renowned for its quality, breadth & expertise, featuring an extensive range of both strategic &technical sessions which advocate and advance the role for oil and gas in the global energy mix. Join these two days of high-level networking with 100+ energy executives. Hear them share honest opinions on what upstream, midstream, downstream, power and integration opportunities they find the most lucrative. This is where deals are done, and the future is made.

This Conference on oil and gas is aimed at bringing researchers, senior researchers, experts and scientists from all over the globe, and researchers working on the petroleum industries and digitization of the oil and gas field to a global forum to disseminate original research results, new ideas and practical experiences. The Business Opportunity Exchange is part of this year's conference program. Our conference allows one-to-one meetings to be conducted in this networking environment with other leading business leaders. More than 200 participants are expected to ignite this event.

The categories of Oil Gas 2020 are:
- Oral Presentation
- Keynote Speech
- Video Presentation
- Poster Presentation
- E-poster Presentation
- Young Researchers Forum

Oil Gas 2020 encourages all experts in the field who join us by honoring them with awards. The various awards to be presented at the event are:
- Young Scientist Award and Research Excellence Award
- Best Keynote Presentation
- Best Poster Presentation

1. Young Scientist Award: Promoting and encouraging the achievements of budding researchers in the field, Oil Gas 2020 will honor them with the 'Young Scientist Award'. This award will be honoured by the board members and if willing, they would be able to publish the article in full-length for free in the corresponding conference journals.

   Eligibility and Criteria: Any researcher below the age of 35 are eligible for this award. They must be engaged in research work laboratories/institutes. Each participant must submit their own unique research works or articles.

2. Best Keynote Presentation: A duration of 40 minutes would be given to each keynote speaker to present their research works. This award will be decided by the Organizing and Scientific Committee Members.

   Eligibility and Criteria: Any experienced professional in the field who are engaged in research work laboratories/institutes is eligible for this Award. Everyone must submit their own unique research works or articles.

3. Best Poster Presentation: This presentation includes a combination of visual and oral presentation of the research articles in the form of a poster. The abstracts will be published in the supporting journals. Best poster will be selected based on the presentation style, research quality, layout, design and clarity.

   Eligibility and Criteria: Any experienced researcher or a young research individual in the field, engaged in research work laboratories/institutes is eligible for the Award.
