

Prestigious Award for Young Research's at Clinical Microbiology 2016

Conference Series recognizes the efforts and contribution of scholars, researchers, academicians, and scientists in the field of medicine, science and technology by endowing them with prestigious awards like Best academician award, Best researcher award along with some other awards in different categories containing certificates and mementos.

Clinical Microbiology 2016 is glad to announce "6th International conference on Genomics & Clinical Microbiology" going to be held month of **January 17-18, 2016 at London, UK**. By focus on the theme: "*Analyzing the Innovation & Future Trends In Clinical Microbiology*".

Young Scientist Awards at Clinical Microbiology 2016

Young scientist awards are given to the researchers and research organizations throughout the world that have been credited with outstanding achievements and are making a significant contribution to the advancement of field of Clinical Microbiology and Genomics.

Serving as a source of inspiration, the awards and research organizations throughout the world who have been credited with outstanding achievements and are making a significant contribution to the advancement of their field, thereby having a positive influence on our society. A range of research awards is on offer to enable qualified investigators to carry out specific basic and clinical research projects – from young specialists to more established investigators. These awards provide an impetus to research activities undertaken by members and grant the distinguished applicants peer recognition and greater exposure.

The application for the 2016 Young Scientist Award is now accessible @ Clinical Microbiology 2016

Accepted abstracts will be published in the *Journal of Clinical Microbiology and Infectious Diseases Research* with a unique DOI Number.

Benefits:

- Young Scientist Award recognition certificate and memento to the winners
- Our conferences provide best Platform for your research through oral presentations.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.

- Provide an opportunity for research interaction and established senior investigators across the globe in the field of Clinical Microbiology and Genomics.
- Share the ideas with both eminent researchers and mentors.
- It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

Eligibility:

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience
- Presentation must be into scientific sessions of the conference.
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
- Age limit- Under 35yrs
- All submissions must be in English.

Clinical Microbiology 2016 provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join Clinical Microbiology 2016 for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our Clinical Microbiology 2016 more successful.

Proposals for nominations should be sent Anne Oliver at microbiology@conferencesmeet.com

Best Regards

Anne Oliver | Program Manager
