ABSTRACT
COVID-19 is an infectious disease caused by a newly discovered CORONAVIRUS. It's a type of Severe Acute Respiratory Syndrome.
The symptoms of SARS-nCOV-2 cause dry cough, fever, Tiredness, and difficulty of breathing (severe cases). We can cure the symptoms and defects of the whole body (vata, pitta, kapha) caused by the system and its qualitative therapists.
Keywords: Coronavirus, COVID-19, Ayurveda medicines, SARS-nCOV-2.

INTRODUCTION
COVID-19 is Tridosaj Kapha Pradhan Dose. COVID-19 is an infectious disease caused by the recently found virus known as SARS-nCOV-2 (coronavirus). Before the outbreak originated in Wuhan, China on December 2019, there was no information about this virus.

HISTORY
The oldest common ancestor of coronavirus has been dated as far back as the 9th Century BC. Some studies published in 1990 specified the most recent common ancestors as follows;
Betacoronavirus -3300 BC
Deltacoronavirus -3000 BC
Gammacoronavirus -2800 BC
Alphacoronavirus -2400 BC

SYMPTOMS
People may be sick with the virus for 1 to 14 days developing symptoms. The most common symptoms of coronavirus disease (COVID-19) are
- COUGH
- FEVER sadhya dosh
- TIREDNESS
- Difficulty in breathing (Severe cases) kricha sadhya

PERSPECTIVES OF AYURVEDA
Tridosaj kapha pradhan dosh
- Cough Kapha dosh
- Fever Pitta dosh
- Tiredness Vata dosh

MOST PEOPLE (about 80%-85%) recover from the disease without needing special treatment. More rarely, the disease can be serious and even fatal. Older people, and people with other medical conditions such as (Asthma, diabetes, or heart disease), may be vulnerable to becoming severely ill.

Sawas Rog
(Asthma)-Acharya charak has considered the disease of breathing to be fatal. (charak chikitsa sthan 17/6).
Prameh (Diabetes)-(Charak chikitsa sthan 6/7)
Kaphaj prameh are SADHYA
Pittaj prameh are YAPYA
Vataj Prameh is ASADHYA

Hridrog (Heart diseases)-(SUSRUTA Uttara tantra 43/9)
*Vataj-pittaj-kaphaj hridrog sadhya
*In durbal Rogi updravyukt hridrog is asadhya
*Sannipataj and new krimij hridrog yaphy

MYTHS VS REALITY
Common myths
- Coronavirus can be transmitted through mosquito’s
- Everyone should with symptoms of covid-19 can spread the disease.
