EDITORIAL

It feels immense pleasure to share that the Journal of Psychological Abnormalities (JPAC) release frequency has been changed to tri-annually from half yearly (3 issues per year). The Journal was started in the year 2012 and since then it is growing continuously and publishing the issues successfully with sufficient number of articles. The main objective of the journal is to publish high-quality, authentic and up-to-date research going on in the field of Psychology. Journal of Psychological Abnormalities (JPAC) is an open access journal that allows online publications of relevant articles in the field of Psychology and other related disorders, so that everybody can access the paper.

The Journal of Psychological Abnormalities (JPAC) is now a tri-annually journal and publishes article in English language only and every article is rigorously peer-reviewed and is published online with 45 days after acceptance. Its Editorial board is composed of renowned foreign researchers from all over the globe who have minimum 20 publications and have experience in handling journal of Psychology and other sub divisions. The Editorial board comprises one Editor-in-Chief and 29 Editors, and each holding higher qualifications in their respective fields.

During the calendar year 2019 and mid-2020, The Journal of Psychological Abnormalities (JPAC) received a total 13 papers, out of which 8 articles were rejected in the preliminary screening check due to plagiarism or being out of the scope of the journal. A total of 5 articles are published till July 2020 from authors belonging to different geographical locations across the world.

And among all of our Editors, Gerard Mercier, Editor-in-Chief, from University of Besancon, France, contributed his valuable time to every manuscript of the Journal of Psychological Abnormalities (JPAC). I appreciate the efforts of our Gerard Mercier, Editor-in-Chief towards the Journal of Psychological Abnormalities (JPAC).

I take this opportunity to acknowledge and extend my gratitude to the Editor-in-Chief and other Associate Editors for contributing and lending their support in successful publications of the articles. I would also like to express my gratitude to all the authors for disseminating their research through our platform, reviewers for giving their valuable comments within the stipulated time frame and the office bearers for their support in bringing out yet another volume of the Journal of Psychological Abnormalities (JPAC) and look forward to their relenting support in future too.
