

## *Kin-Keeping Enchantment*

Jose Ramos

CEO Only One Globe Corporation dBA Kin-Keepers.com, USA

### *Abstract*

**K**in-Keepers presents: Enchantment: Automating Senior care at home, using Habilitation Techniques, Smart IoT, and AI with Soul. Attend this talk if you are confronted with a need to care for a loved one at home. You will learn that most physical tasks associated with Activities of Daily Living can be automated. You will learn to live in the Senior's world, using Habilitation techniques, and finally you will engage your loved one with Artificial Intelligence with Soul.

[2nd Aging, Health, Wellness Conference: For a better Aging Care](#); Webinar- June 22-23, 2020.

### *Biography:*

Jose Ramos completed his B.S. and M.S.E.P. degrees in Applied Physics at Cornell University. He then went on to obtain an MBA at Harvard Business School. He successfully started and sold an eCommerce company to Visa International and during his long career has worked as both a Venture Capitalist (with Mark Andreessen and John Seeley Brown – now at Amazon) and in Private Equity. His passion for elder care is triggered by his work in cognitive intelligence. He has participated in the implementation of 35 U.S. state Medicaid Management Information Systems and is a sought out speaker for elder care
