Past Conference Report of Polymer Science 2020

Professor Lawrence Berliner

The Ohio State University, Columbus, USA

AAC hosted the event of the International Conference on Polymer science and Technology during August 31, 2020 at Barcelona, Spain with the theme “Expanding and Exploring the Possibilities in Polymers”. Benevolent response and active participation were received from the Editorial Board Members of supporting International Journals as well as from the leading academic scientists, researchers, research scholars, students and leaders from the fields of Polymer science who made this event successful. The conference was marked by the attendance of young and brilliant researchers, business delegates and talented student communities representing more than 18 countries, who have driven this event into the path of success. The conference highlighted through various sessions on current retroviral research. Polymer Science 2020 witnessed an amalgamation of peerless speakers who enlightened the crowd with their knowledge and confabulated on various new-fangled topics related to the fields of Polymer Science. The conference proceedings were carried out through various Scientific-sessions and plenary lectures. The panel discussion sessions started with the questions raised by the delegates towards the speakers had made this event much more interesting. We would like to thank our delegates from various parts of the world.

Awards Winners of Polymer Science 2020

Best Oral Presentation: Elisa Martinelli | University of Pisa | Italy

Best Innovative Research: Loshkarev Igor Yuryevich | Saratov State Agricultural University | Russia

Best Young Researcher: Hongxia Yan | Northwestern Polytechnical University | China

The conference ended with the Young Researcher Forum session by young scientists and the students from the different countries took the conference to a highly informative manner. We are also obliged to various delegate experts, company representatives and other eminent personalities who supported the conference by facilitating active discussion forums. We sincerely thank the Organizing Committee Members for their gracious presence, support, and assistance towards the success of Polymer science 2020.
