

Young Researchers Forum - Young Scientist Awards Circulatory Health 2020

Dr. Suresh Vatsyayann

Prestigious Award for Young Research's at **Circulatory Health 2020**- Discovering New Exploration in **Cardiology** field.

Cardiology Conference Committee is glad to announce "**World Congress and Expo on Circulatory Health**" during **November 23-24, 2020** in **Hanoi, Vietnam** by focus on the theme: "Case studies that pave way for an advanced Cardiology treatment"

Circulatory Health 2020 developments are maintaining their momentum. Cardiology Conference program delves into strategic discussions.

About Circulatory Health 2020:

Conference Series LLC Ltd. is inviting all participants across the globe to attend International Conference on Circulatory Health 2020 on November 23-24, 2020, Hanoi, Vietnam. This Cardiology Conferences will bring together world-class professors, scientists and cardiologists to discuss Heart Surgery, Heart Devices, Cardiac Nursing, Cardiac Pharmacology, Electrocardiography, Cardiac catheterization, Coronary angiography, Cardiovascular surgery, Invasive cardiology, The coronary care unit, Cardiovascular drugs, Preventive cardiology, Echocardiography, Cardiac Imaging Techniques, Pacemakers and internal defibrillators, Nutrition, Diet & Exercise and Pediatric cardiology.

Circulatory Health 2020 is designed to provide diverse and current education that will keep cardiology professionals a breast of the issues affecting the prevention, diagnosis and treatment of cardiovascular disease. The conference will be organized around the theme "Case studies that pave way for an advanced Cardiology treatment".

Circulatory Health 2020 aims to provide an opportunity to share knowledge, expertise along with unparalleled networking opportunities between a large number of medical professionals like Directors, Heads, Deans, Professors, Scientists, Researchers, Cardiologists, Founders and Employees of the related companies, Associations, Organizations, Laboratory members and Young researchers working in the field of Cardiology & Heart treatment. This Cardiology conference mainly focuses on spreading the awareness about challenges in this fields and how to prevent and manage the techniques of Cardiac Imaging, Cardiology and Cardiac nursing.

Past Conference Report:

We had successfully hosted the "22nd World Cardiology Conference" during December 11-12, 2017 at Rome, Italy. The conference was marked with the attendance of Editorial Board

Members of supported Journal of Clinical & Experimental Cardiology, Scientists, young and brilliant researchers, business delegates and talented student communities representing more than 25 countries, who made this conference fruitful and productive. This conference was based on the theme "Integrating recent discoveries and interpreting Cardiothoracic research for better health" The proceedings of the conference were embarked with an opening ceremony followed by Special sessions and a series of Lectures delivered by each Honourable Guests and members of the Keynote forum.

The conference commenced with the presence of worthy Keynote forum and among the notable ones, few are listed below:

- "Beating heart coronary artery bypasses grafting (PAD-CAB): The pursuit of perfection" by Louis Samuels, Thomas Jefferson University, USA
- "Surgery for bilateral drug-resistant pulmonary tuberculosis with totally destroyed lung" by Dmitry Giller, I.M. Sechenov First Moscow State Medical University, Russia.
- "Transforming CVD prevention for women: Time for the Pygmalion construct to end" by Nanette K Wenger, Emory University School of Medicine, USA.

The conference highlights of Circulatory Health 2020 are as follows:

Heart Devices | Cardiac Nursing | Electrocardiography | Cardiac Pharmacology | Heart surgery | Electrocardiography | Coronary Angiography | Cardiovascular Surgery | Invasive cardiology | Cardiac catheterization

Circulatory Health 2020 Young Scientist Awards:

Cardiology Conference Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and share their experiences on all aspects of Cardiac Research.

Young Research's Awards at Circulatory Health 2020 for the

Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Circulatory Health 2020 Young Research Forum.

Benefits:

- Young Scientist Award recognition certificate and memento to the winners
- Our conferences provide best Platform for your research through oral presentations.
- Learn about career improvement with all the latest technologies by networking.
- Young Scientists will get appropriate and timely information by this Forum.
- Platform for collaboration among young researchers for better development.
- Provide an opportunity for research interaction and established senior investigators across the globe in the field
- Share the ideas with both eminent researchers and mentors.
- It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

Eligibility:

- Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience
- Presentation must be into scientific sessions of the conference.
- Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).
- Age limit- Under 35yrs
- All submissions must be in English.

Circulatory Health 2020 provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the

opportunity to join Circulatory Health 2020 for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our Circulatory Health 2020 more successful.

About us:

Conference Series LLC Ltd and its subsidiaries including iMedPub Ltd and Conference Series Organise 3000+ Conferences across USA, Europe & Asia with support from 1000 more scientific societies and Publishes 700+ Open Access Journals which contains over 50000 eminent personalities, reputed scientists as editorial board members.

Conference Series LLC Ltd is an amalgamation of Open Access Publications and worldwide international science conferences and events. Established in the year 2007 with the sole aim of making the information on Sciences and technology "Open Access", Conference Series LLC Ltd publishes scholarly journals in all aspects of Science, Engineering, Management and Technology journals. Conference Series LLC Ltd has been instrumental in taking the knowledge on Science & technology to the doorsteps of ordinary men and women. Research Scholars, Students, Libraries, Educational Institutions, Research centers and the industry are main stakeholders that benefitted greatly from this knowledge dissemination. Conference series LLC Ltd also organizes 3000+ International conferences across the globe, where knowledge transfer takes place through debates, round table discussions, poster presentations, workshops, symposia and exhibitions.
