Journal of Cancer Research and Immuno-Oncology is a fast-developing open access journal in the field of cancer research. Journal of Cancer Research and Immuno-Oncology is glad to announce that it has published its 5th volume in the year 2019. It is bi-annual journal which releases its issues in the month of June and December without any delay. Its editorial board members are very active that makes issue release easy. Many esteemed professionals and professors work as editorial team members for this journal who are from different parts of the world. Journal of Cancer Research and Immuno-Oncology is having International Standard Serial Number (ISSN) of 2684-1266.

JCRIO has the issue release on time without any delay. These issues include research, review articles, case reports, short commentaries etc. Soon after receiving the manuscript the article will be sent for preliminary quality check and the result will be known within few hours of initial submission whether the article is accepted or rejected. The article acceptance or rejection will be informed to author within 21-30 days of initial submission.

Authors can easily track their manuscript flow through the credentials given to author at the time of submission. As it is the peer reviewed process our reviewers play an important role in providing review comments of the article to proceed further. I would like to show the token of gratitude to the reviewers and also the editorial team who is working for the journal and support us for the proof work of manuscripts until publication of the article.

JCRIO had used social media networking and digital marketing platform to interact with authors, reviewers, editors and reviewers along with public and professionals throughout the globe in 2019. Journal is having followers in Twitters where we post latest updates related to cancer research on daily basis. JCRIO also provides WhatsApp contact numbers for queries related to topics to be covered in our issue release to authors or editorial team for easy access. Journal of Cancer Research and Immuno-Oncology is also having linkedin account.

By 2019, JCRIO has completed 5 years in publication with many peer reviewed articles with the support of the authors, editorial team members and reviewers. In future we are expecting many more articles will be published in our journal which encourages the scope of our journal.

We would like to thank our readers for their support who read our articles throughout the globe only possible because of the open -access platform.
